especially 1982!

Dear Members of the Class of 1982:

Can you believe it's been 25 years since Olivia Newton John topped the charts with "Physical"? Or that it's been 25 years since you graduated from Montclair State?

It seems like just yesterday but believe it or not, the time to celebrate your silver anniversary is upon us. The Office of Alumni Relations is ready to help you plan a totally awesome event to commemorate the occasion.

Please give us your input so we can start planning!
