## Excerpts from question asking for comments & suggestions

Excellent use of my time. I hope more events like this will be scheduled. p.s. It's great to be back at Montclair.

---

Excellent offering for current times. Good gathering. I will hope to connect again soon. See you soon, thank you. I did not stay the entire time but very informative.

---

This was an excellent program. I might suggest a mentoring seminar for recent alumni with those of us with experience sharing our stories by job category or industry.

---

More opportunities for Alumni to meet, network and dialog about careers.

---

I enjoyed coming back and seeing the improvements that MSU has made since I left. The seminar was very helpful. I was very pleased with the information presented and the way the presenter presented it. I will use the information as needed. Thank you.

---
