

TEACHING AND LEARNING

Facil: Clair Taub/Flip Chrt Note Taker: Claudia Bogris/Notes to Word Doc: Denise De Blasio

Are these the right goals?

CURRICULUM:

Add-

Adult contin ed

Acad supp serv--Basic skills, tutoring, enrichment, supp instruction

Career advising

Academic advising

Broaden defin of academic to include performing arts out of classroom learning

RESOURCES:

Add

Reward system for faculty

Incentive to deliver interdisc approach

CURRICULUM

UG:

Better defined learning goals

Increased support for advisement

Look at advising systems and struct to make sure delivering success

Tighter tie between in class out of class exper

Ug learning link to next step...

Create cmnty btwn students and Alumni

MASTER/DOC:

Delivery system to reach students who want programs (on line hyb weekend)

Teach faculty how to teach using those tools

Streamline systems that support research (IRB curric)

Allow faculty to have research time

INSTRUCTION:

Infrastructure, training, resources needed

Alternate needs to be created

How to evaluate quality

Many things can be taught on line

Technology is out there

Pedagogy is the key --technology is the vehicle which has to be integrated

Need to be a year round institution

RESOURCES:

Need 12 mo faculty

Office that supports "idea generation" i.e incubator office

Better match between student and course offerings

Reward structure needs to be flexible

Barriers for collaboration

ENROLLMENT MGMT:

Needs a broader approach

Do we have the right model

get right students numbers retention grad rates

Needs leadership

ASSESSMENT:

Need mech to assess learning in alt delivery meth

Need ready access to data

Coord of assessment and accountability
