Academic Success Center

Academic Success Center

Our Services

Tutoring

Both individual and group tutoring sessions are offered all year long in a wide range of subjects provided by highly qualified and trained peer tutors. Check out our online tutoring schedule: montclair.mywconline.net

Academic Support

The ASC offers workshops on topics such as time management, study skills, goal setting and much more. Supplemental Instruction (SI) is a form of in-class support that is also available. SI helps develop proactive learning strategies and enhanced understanding of material in difficult courses.

Assessment & Testing

The ASC conducts all placement testing at the University including reading, mathematics and chemistry. The center also holds Foreign Language Placement Testing and offers proctoring services to external agencies and individual students enrolled in distance learning courses.
