

About the Office for Social Justice and Diversity

Our Mission

The Office for Social Justice and Diversity at Montclair State University will provide and promote inclusive excellence to our students and campus community through:

- Collaboration
- Education
- Empowerment
- Leadership

Collaboration

We seek to connect with departments and student organizations to maintain an inclusive and affirming campus. Examples of our collaborations include, but are not limited to: our weekly discussion groups, the Social Justice Conference, Sister to Sister, and Sex Toy Bingo.

Education

We are proud to offer a variety of workshops and presentations to educate the campus community. To request a workshop, complete a workshop request form in our Hawksync portal.

Additionally, we offer an academic experiential learning. Visit Hire Red A Hawk to apply.

Empowerment

We provide advocacy and resources to ensure equitable access to available campus services including lactation room and gender inclusive restroom locations.

We also provide the campus with an extensive list of external resources to support inclusive excellence.

Leadership

Our diverse group of Social Justice Peer Leaders serve as the first contact for students and envision, develop, and implement cultural, social, and educational programs.

Applications are accepted in October for Spring and February for Fall.

Annual Events

Ally Week

Coming Out Week

Day of Unity
