Additional Items Required from NAEYC-accredited Programs

Please upload the following items on NJCCIS, as applicable, with this checklist. Programs seeking Official Star Rating 3 must only submit Staff Hire Dates from the list below as no classroom observations are required.

- Staff hire dates for all administrators, head/group/lead teachers, and paraprofessionals/teacher assistants. Please note if a staff member is part time (14 hours or less)
- A list with the dates of birth of all children enrolled, using the format MM/DD/YY, for **each Infant/Toddler classroom**
- Classroom schedules for all classrooms

Documentation Review

All programs seeking a streamlined re-rating should ensure that the **Star Rating Readiness Checklist and Rating Summary Report from their prior Star Rating** can be found on the NJCCIS File Cabinet, as well as **any NAEYC accreditation documentation received by the program since the last Star Rating**, such as:

- Current NAEYC Accreditation Certificate
- Most recent NAEYC Accreditation Decision Report
- Completed NAEYC Annual Reports for years 1-3 as appropriate

Staff formal curriculum training records and records for all training standards for which the program submitted during the previous rating submission will be reviewed for all programs seeking a streamlined re-rating. If professional development transcripts are not up-to-date in NJCCIS for any staff member, the Quality Rating Coordinator assigned to the program will ask for evidence of completed training.

Programs seeking the same star rating as their last rating submission may be asked to resubmit evidence for **select** time-sensitive standards by uploading documentation to the NJCCIS File Cabinet using the appropriate GNJK category as the Document Type. The specific documentation requested will be determined by the Quality Rating Coordinator based on the program's previous rating submission and as follows:

- NAEYC-accredited programs seeking a Star 3 Re-rating will not be asked to resubmit evidence of time-sensitive standards if current NAEYC documentation indicates the program's NAEYC accreditation is in good standing
- NAEYC-accredited programs seeking a Star 4 Re-rating will be asked to resubmit evidence of 3 randomly selected time-sensitive standards
- NAEYC-accredited programs seeking a Star 5 Re-rating will be asked to resubmit evidence of 6 randomly selected time-sensitive standards

In addition to evidence for select time-sensitive standards above, **programs seeking a higher star rating than they received during their previous Star Rating may submit new documentation from any level or category** to receive points towards meeting the threshold for the requested new Star Rating. Please upload these new files to the NJCCIS File Cabinet using the appropriate GNJK category as the Document Type, and list the **new standards for which your program has uploaded documentation on pages 3 and 4**, along with the file name of each document. **If you are submitting additional documentation for GNJK standards aligned to NAEYC standards for which you previously did not receive credit**, please also list those on pages 3 and 4. See pages 3 and 4 for more information.

If additional documentation is required to submit and/or resubmit in order to ensure point requirements have been met, Grow NJ Kids Rating will notify you. The required points for each Star Rating is provided on page 7.
