Dear Student,

As this year's Student Government Association Director of Student Outreach, I would like to congratulate you on the start of a promising new school year. Whether you are an established member of the community, or you are attending Montclair State University for the first time, the Student Government Association (SGA) welcomes you and wishes you the best in your academic endeavors.

As we find ourselves more than half way through the fall semester, I would like to remind you of the many opportunities your SGA has to offer. The SGA oversees more than one hundred different organizations here on campus. These organizations include a variety of professional, spiritual, political, community service, and social organizations, amongst many others. All of these organizations readily welcome new members, and can be easily contacted. A complete list of SGA organizations is enclosed.

If this semester's schedule does not provide you with enough time to join an organization, there are plenty of other ways to get involved. There are always several sponsored events that take place daily. I encourage you to attend any or all events that pique your interest. A complete listing of campus events can be found online at www.montclair.edu/calendar. Campus events take place throughout the day, and there is something that fits every schedule. Further questions regarding involvement can be directed to the Center for Student Involvement (www.montclair.edu/csi).

Lastly, your SGA is here to serve you! Not only do we encourage involvement, but we also provide you with discounted movie tickets, a notary public, and a place to make copies and send faxes.

There is no better time to get involved than now. Getting involved allows for a fuller, more comprehensive, and more enjoyable college experience. I encourage you to contact me with any questions that you may have, and look forward to seeing you at events and on campus throughout the year.

Best,

Louis F. Castano
SGA Director of Student Outreach
