

The Transit App works through the mobile Internet of your phone as well as from a laptop or desktop.

## Step 1 -Setting up Transit on your mobile phone

Go to the 'Phone Apps Tab on Your MSU App website, and on the left side, under 'Browse Apps', click on the hyperlink to view 'Site Phone Apps'. Locate the app titled Transit, and click on the icon to 'Add This App'.

## Step 2 - Getting Transit information on your mobile phone

From your Mobile Internet browser, type in <http://www.getrave.com/> From there, sign in using your NetID and password. Click on the hyperlink for phone apps, then locate and click on the hyperlink for transit. Find the route you want to view in the dropdown box, highlight and press the select key on your mobile phone. The shuttle bus will be identified as a blue arrow moving in the direction that the arrow is pointing.

NOTE: If you don't see the transit hyperlink, then you did not properly complete Step 1, and you will need to go back and do so.

## Step 3 - Getting Transit information on a desktop or laptop

You can get shuttle bus directly from a desktop or laptop, as well as on your mobile phone without having to sign onto Your MSU App first. Below is a list of URL's that will go directly to a specific route:

<a href="http://bit.ly/TransitA_Exp">http://bit.ly/TransitA_Exp</a>	<a href="http://bit.ly/TransitPWD">http://bit.ly/TransitPWD</a>
<a href="http://bit.ly/TransitE">http://bit.ly/TransitE</a>	<a href="http://bit.ly/TransitRHD">http://bit.ly/TransitRHD</a>
<a href="http://bit.ly/TransitHotel">http://bit.ly/TransitHotel</a>	<a href="http://bit.ly/TransitT_Exp">http://bit.ly/TransitT_Exp</a>
<a href="http://bit.ly/TransitMontclairHeights">http://bit.ly/TransitMontclairHeights</a>	<a href="http://bit.ly/TransitT_Local">http://bit.ly/TransitT_Local</a>

In addition, you can access all routes from [www.getrave.com/transit/montclair](http://www.getrave.com/transit/montclair)
