Access Items to Process

Approvers who have items to review and approve will receive a notification in their Workday Inbox. To access the items that need to be reviewed and processed:

- 1) Click the **Inbox** icon.
- 2) Click the **Actions** tab.
- 3) Click on the item to be reviewed.

The screenshot displays a software interface with a green header bar labeled 'Inbox'. On the right side of the header, there is a notification icon with a red box around it containing the number '5'. Below the header, there is a navigation bar with 'Actions (5)' highlighted by a red box and an 'Archive' link. The main content area is split into two columns. The left column shows a list of actions, including:

- Requisition: RQ-0000000178, Requester: Robin Walker, Date: 08/20/2019, Amount: \$125.00 (3 minute(s) ago - Due 08/22/2019)
- Internal Service Delivery: Parking Service Provider on 08/19/2019 for \$60.00 (1 day(s) ago - Due 08/21/2019)
- Requisition: RQ-0000000130, Requester: Robin Walker, Date: 08/08/2019, Amount: \$200.00

 The right column is titled 'Review' and shows details for Requisition: RQ-0000000178, Requester: Robin Walker, Date: 08/20/2019, Amount: \$125.00. Below this, it says '3 minute(s) ago - Due 08/22/2019'. There are buttons for 'Approve' (orange), 'Send Back' (grey), and a three-dot menu icon.

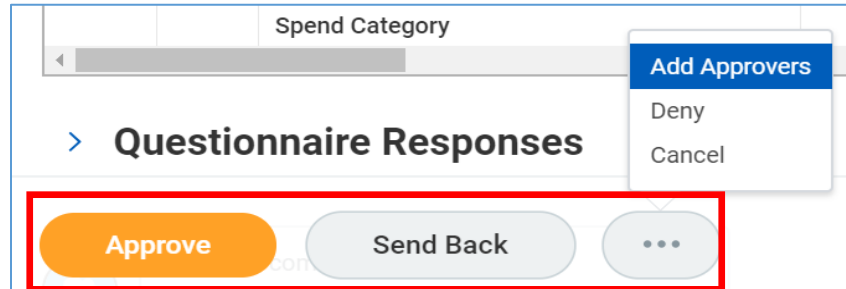

- Review the requisition details and pay special attention to the Worktags on each line – Cost Center, Division and Additional Worktags, as these codes indicate where the line will be expensed within the budget.

The screenshot shows a table titled 'Services' with a dropdown arrow and the text '1 item'. The table has the following columns: Memo, *Cost Center, *Division, *Additional Worktags, and Splits. The data row contains:

Memo	*Cost Center	*Division	*Additional Worktags	Splits
	CC10315 Technology Training and Integration	D70 Information Technology	Fund: F10 Unrestricted Operating Fund Program: N10 Instruction	

- After review of the information proceed with one of the following options:
 - Approve** – Sends the requisition to the next approver, or if no other approvers exist, completes the process.
 - Send Back** – Sends the requisition back to the initiator/previous approver. Approver must include comments as to what needs to be changed on the request.
 - Add Approvers** – Forwards to anyone outside of the approval chain. **IMPORTANT:** once an additional approver is added, the additional approver **must** process the request in order to complete the business process. See the *Add Approvers* section below.
 - Deny** – Terminates the requisition (this will completely cancel the order and it will no longer be able to be edited or viewed). Be careful about selecting this option.

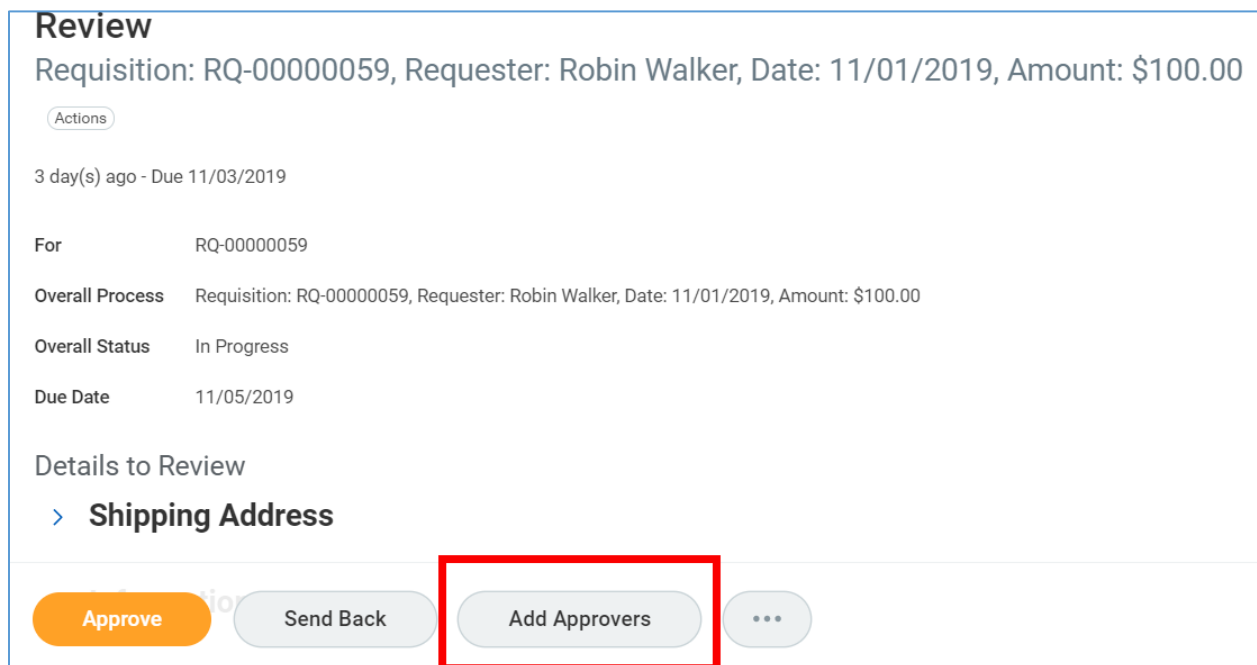

- **Cancel** – Closes the current Inbox item view. It remains in the Inbox until it is processed.

Add Approvers

You can add an individual outside of the standard approval chain to a request, such as your direct supervisor/manager.

- 1) From the **Inbox** and **Actions** tab, locate the requisition to review and follow steps 3 and 4 above.
- 2) Below the requisition, select the **Add Approvers** option.

- 3) Select the **prompt** icon in the **Additional Approvers** field to search for and select the name of the individual to add to the approval flow.
- 4) Click the **Submit** button.

Add Approvers

The next step in the process will not happen until the additional approvals are done.

Delegate Approval Authority

When there is a need for an approver to delegate approval authority, they can set delegation options in Workday for all business processes or for a specific set of them.

Note – Pcard transactions cannot be delegated.

BEFORE beginning the delegation process, please review the **Signing Authority Policy** located on the *Finance and Treasury* website in the *Policies and Procedures* section, under the *Treasury* section.

- 1) In the *Search* field, enter **My Delegations** and select the same task from the search results list.

Manage Delegations

- 3) Complete the **Begin Date** and **End Date** fields with the date range for the delegations.

The screenshot shows the 'Manage Delegations' interface for Erskine Shoulars. The header includes the title and a user profile. Below is a section for 'Business Processes allowed for Delegation'. A table for 'New Delegation' has columns for '+', '*Begin Date', 'End Date', '*Delegate', 'Start On My Behalf', and 'Do Inbox Tasks On My Behalf'. The 'Begin Date' and 'End Date' fields are highlighted with a red box.

- 4) In the *Delegate* field, select the person you wish to assign your requests by choosing their role in the organization and then selecting their name from the generated list.

This screenshot shows the 'Delegate' field in the 'New Delegation' table. A dropdown menu is open, showing options: 'Peers', 'Superiors', and 'Subordinates'. The dropdown menu is highlighted with a red box.

- 5) In the *Do Inbox Tasks On My Behalf* column, confirm the **For all Business Processes** item is selected.

This screenshot shows the 'Do Inbox Tasks On My Behalf' column. The 'For all Business Processes' radio button is selected and highlighted with a red box. The 'Delegate' field now shows 'x Kyle Carter'.

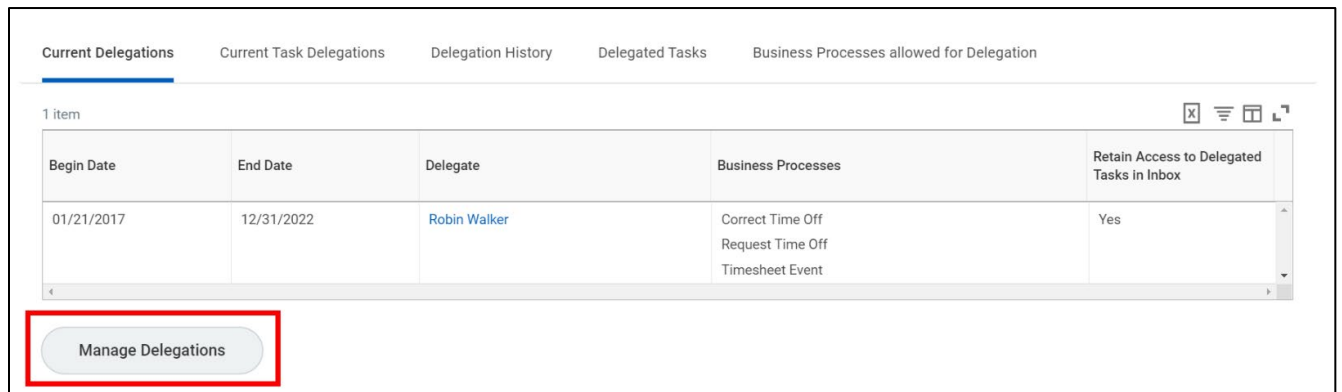

- 6) Click the **Submit** button at the bottom of the screen.

Access/Manage Delegations

- 1) From your Workday Inbox, click the **More** button and select **My Delegations**.

2) From the *My Delegations* screen, select **Manage Delegations**.

Approving Expense Reports

Expense reports that involve overnight travel or a cash advanced meal per diem are required to have a spend authorization associated to them.

- 1) To confirm if a spend authorization has been associated to the expense report, from within the approval request, click the **Header** tab.
- 2) A hyperlink will be in the **Spend Authorization field** if a spend authorization was associated to the expense report.
- 3) Click the **hyperlink** in the Spend Authorization field to open the request in view mode.

Approval Process Scenarios

The approval flows are set by the business processes and depends on which area(s) - Cost Center, Grant, Gift, Project - within the University will be paying for the request.

Additionally, some spend categories for requisitions are assigned to a Spend Category Approver, such as IT, printing, or chemicals. If the requisition uses one of the spend categories pre-assigned to a Spend Category Approver, that approver is added onto the approval chain.

Depending on the content of the request, the approval chain will differ.
