Preface

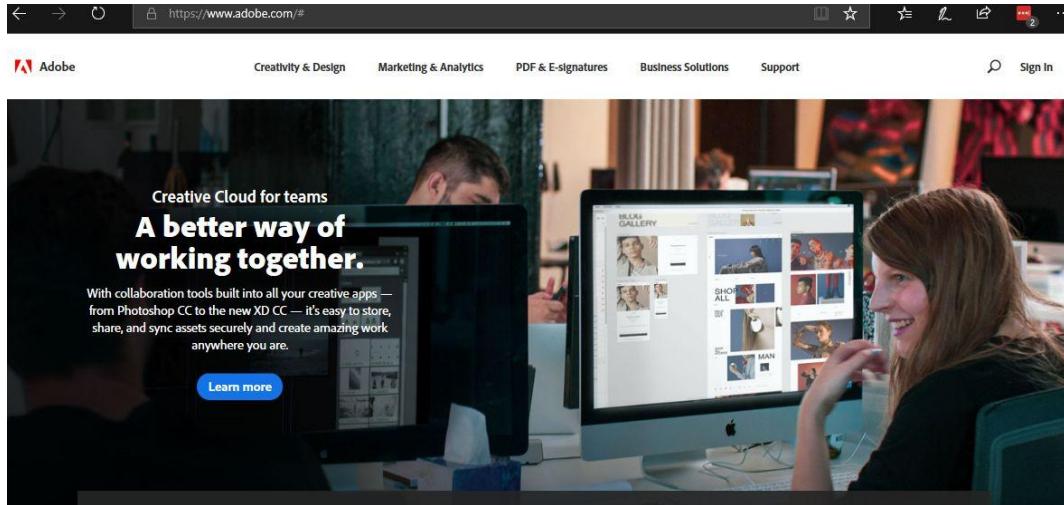

Due to the Coronavirus (COVID-19), Adobe Inc. has opened up Adobe Creative Cloud to Students at Universities that own a license. This “temporary” license will only be available from Adobe until May 31, 2020. You must have a valid Montclair State University NetID to access Adobe Creative Cloud.

To make things easier, we suggest installing the Adobe Creative Cloud (CC App) first. After the application is installed you can manage all application installs and uninstall from within the CC App. you can install any other application which will also add the CC App as well. After the application is installed you can manage all application installs and uninstall from within the CC App.

Be advised you need Administrative rights on your personal machine to install [Creative Cloud](#).

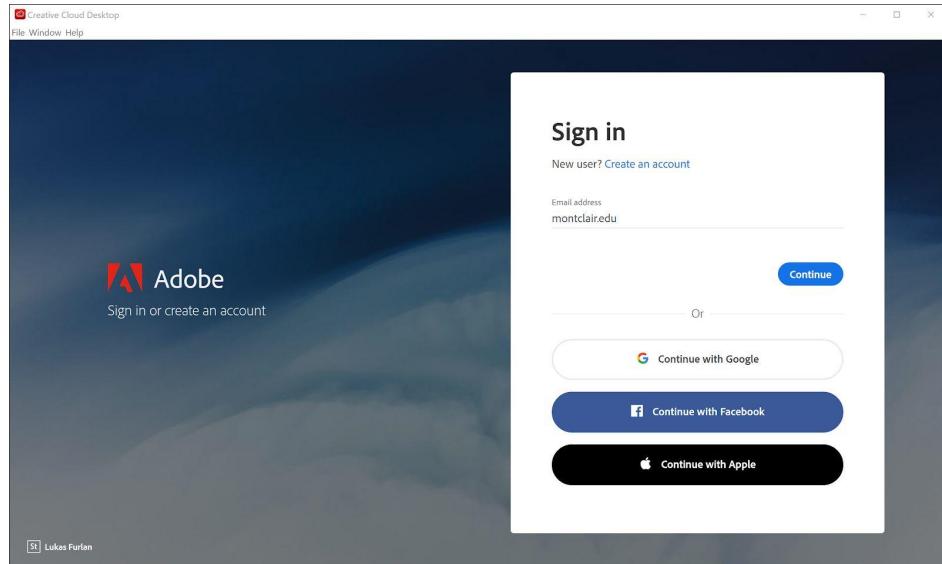

To access via creativecloud.adobe.com

Open a browser and go to <http://creativecloud.adobe.com>. On the top right of the page, *Click Sign In*.

Enter montclair.edu and Click Continue

IT Service Desk Documentation - Adobe Student User Quick Guide

This will redirect you to the NEST Login page, *Enter your netid credentials (ex. lastnamef5) to login*

A screenshot of the NEST login page. At the top, there is a red header bar with the Montclair State University logo and the word 'nest'. Below the header, there is a message for newly accepted applicants about claiming their NetID. For former students, there is a link to make an official transcript request. The main part of the page features a 'Login' form with two input fields: 'User Name' (containing 'netid') and 'Password' (containing '*****'). A red 'Sign In' button is located below the password field. At the bottom of the page, there are links for managing NetID account forms, forgot PIN, questions or concerns (email nest@mail.montclair.edu), and a note about bookmarking the page.

Upon successful login, You will be redirected back to [Creative Cloud](#). You will be presented with all the things available with our license, including the ability to download programs for installation on devices other than your primary or other managed MSU machines. To access the list of programs available, **Click Apps** which you will find near the top left of the page.

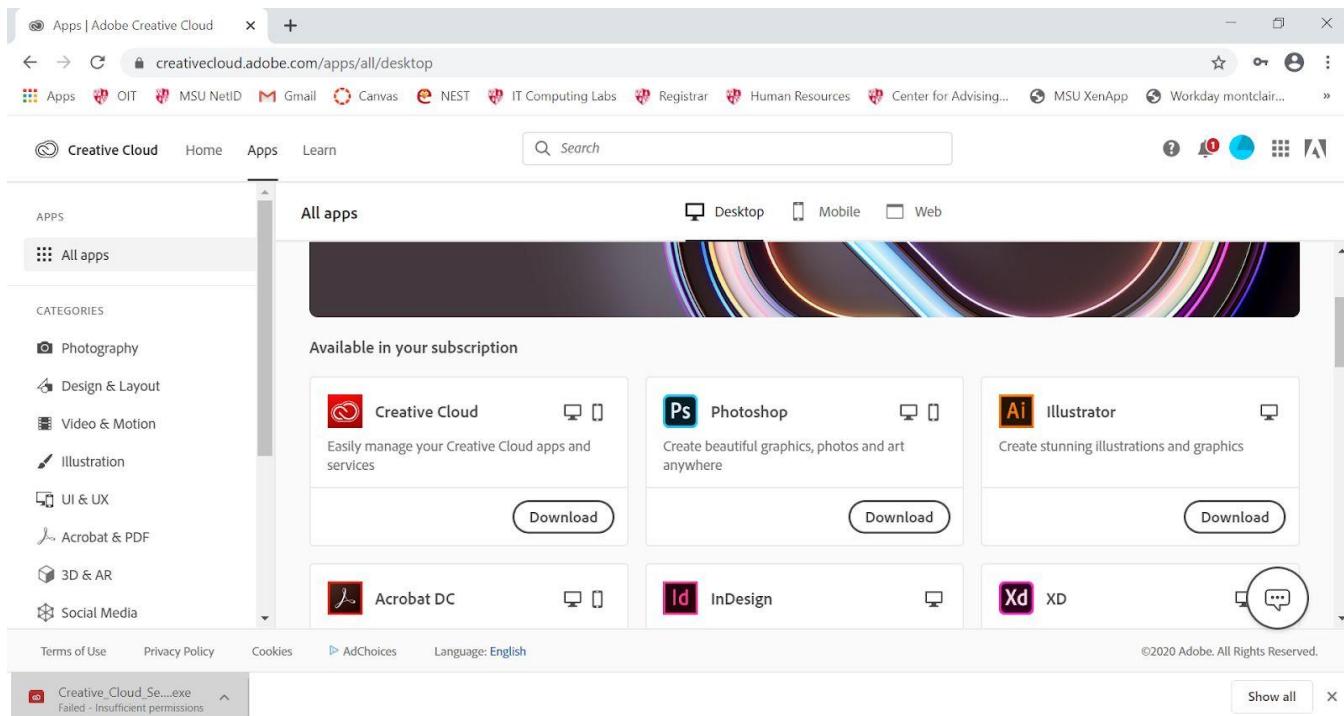

IT Service Desk Documentation - Adobe Student User Quick Guide

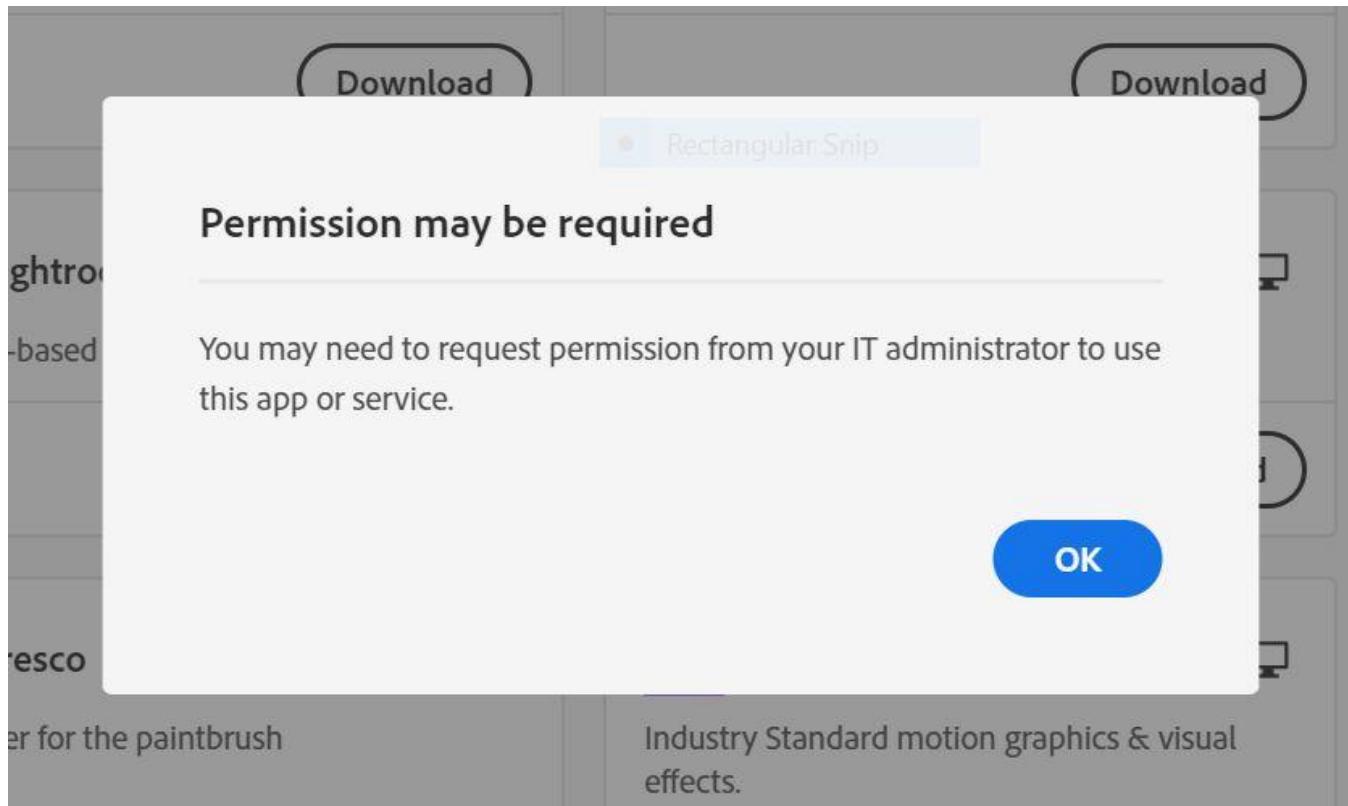

The screenshot shows the Adobe Creative Cloud Home page. At the top, there's a banner with a mountain image and the text "Welcome to Creative Cloud, John". Below the banner, there's a row of application icons: Photoshop (selected), Acrobat DC, Illustrator, Premiere Pro, and InDesign. A "Get desktop app" button is visible. To the right, there's a sidebar for "John Osmak" showing account details like "Cloud Storage 0 of 22.0 GB used". Below the main area, there's a "Start learning" section with various tutorial cards.

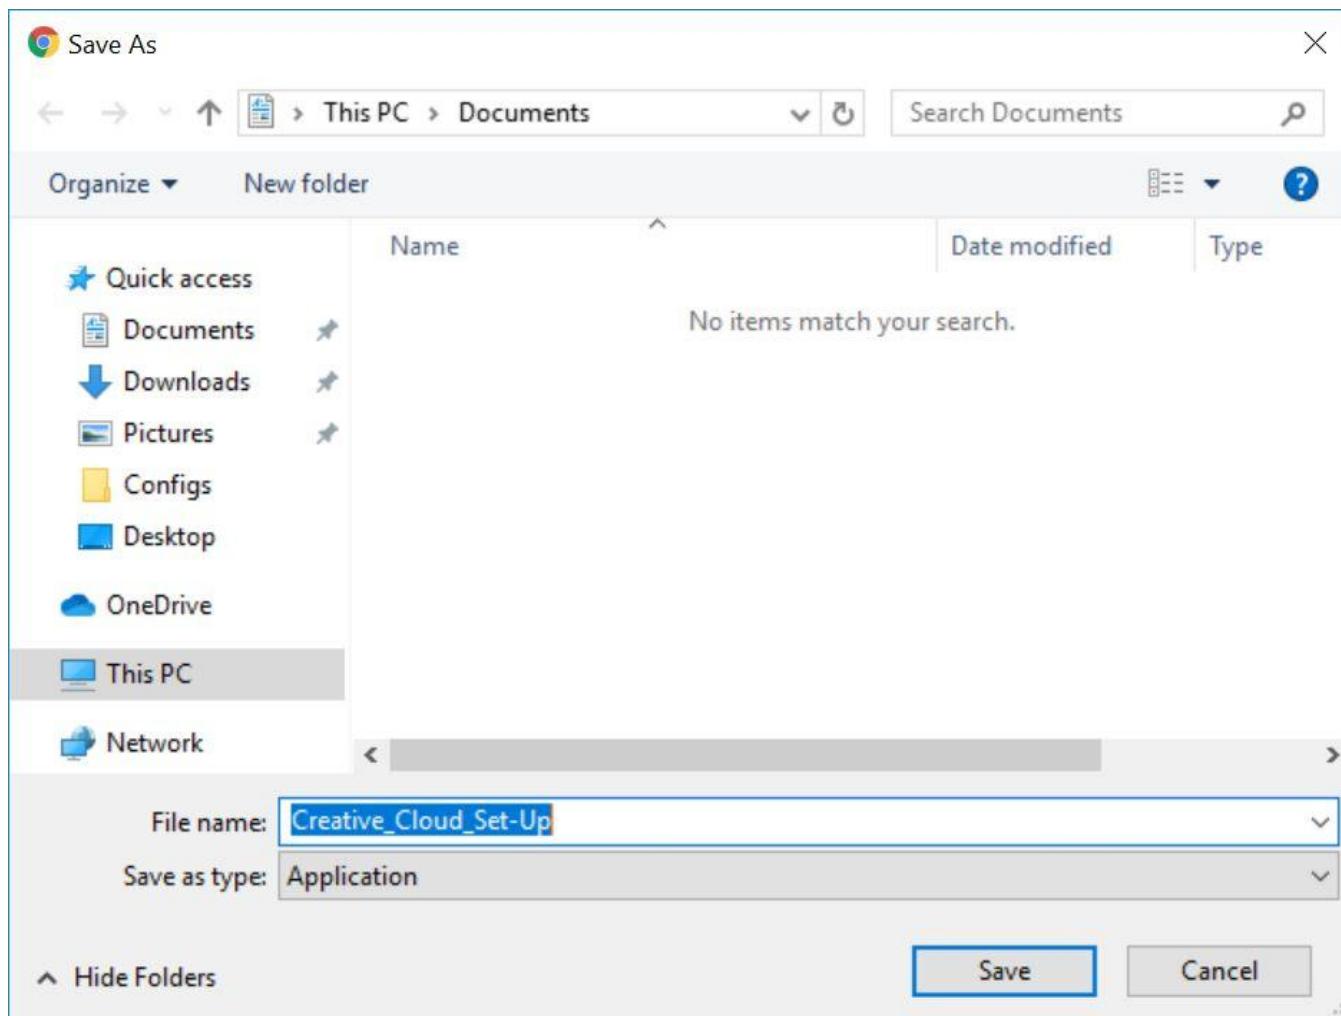

The screenshot shows the Adobe Creative Cloud All Apps page. On the left, there's a sidebar with categories like "All apps", "Photography", "Design & Layout", etc. The main area shows a "Welcome to Creative Cloud" banner and sections for "Installed" (Acrobat DC) and "Included in your subscription" (Photoshop, InDesign, XD). There's also a "Tutorials" section with a video thumbnail.

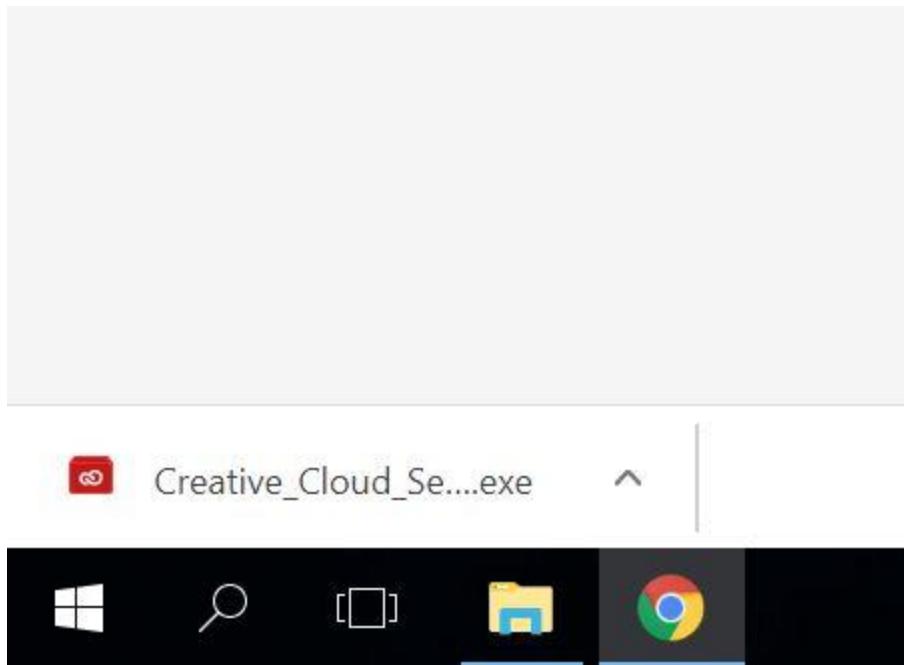

Managing application installations and updates

Upon successful login to creativecloud.adobe.com and navigating to the Apps tab/page, *Click on Download* on any app you would like to install. Again, I suggest downloading the Creative Cloud Application for easier management of applications.

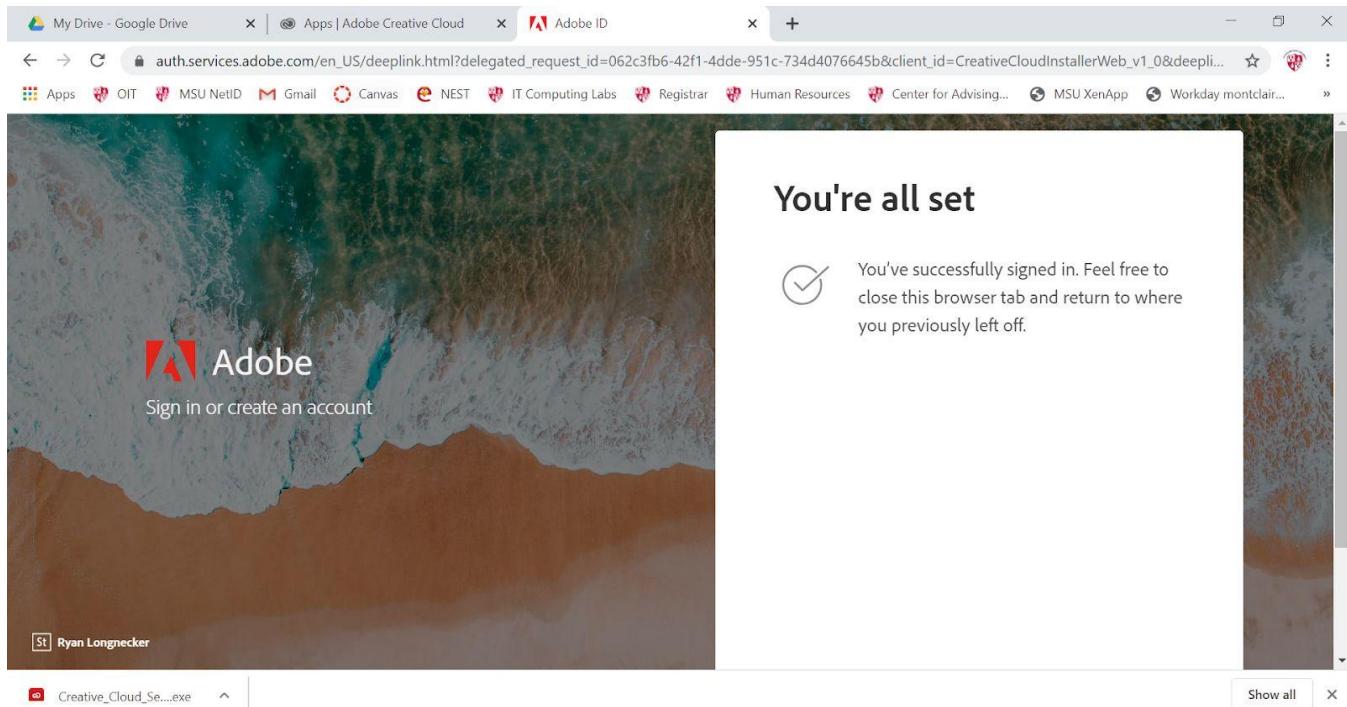

Install Creative Cloud

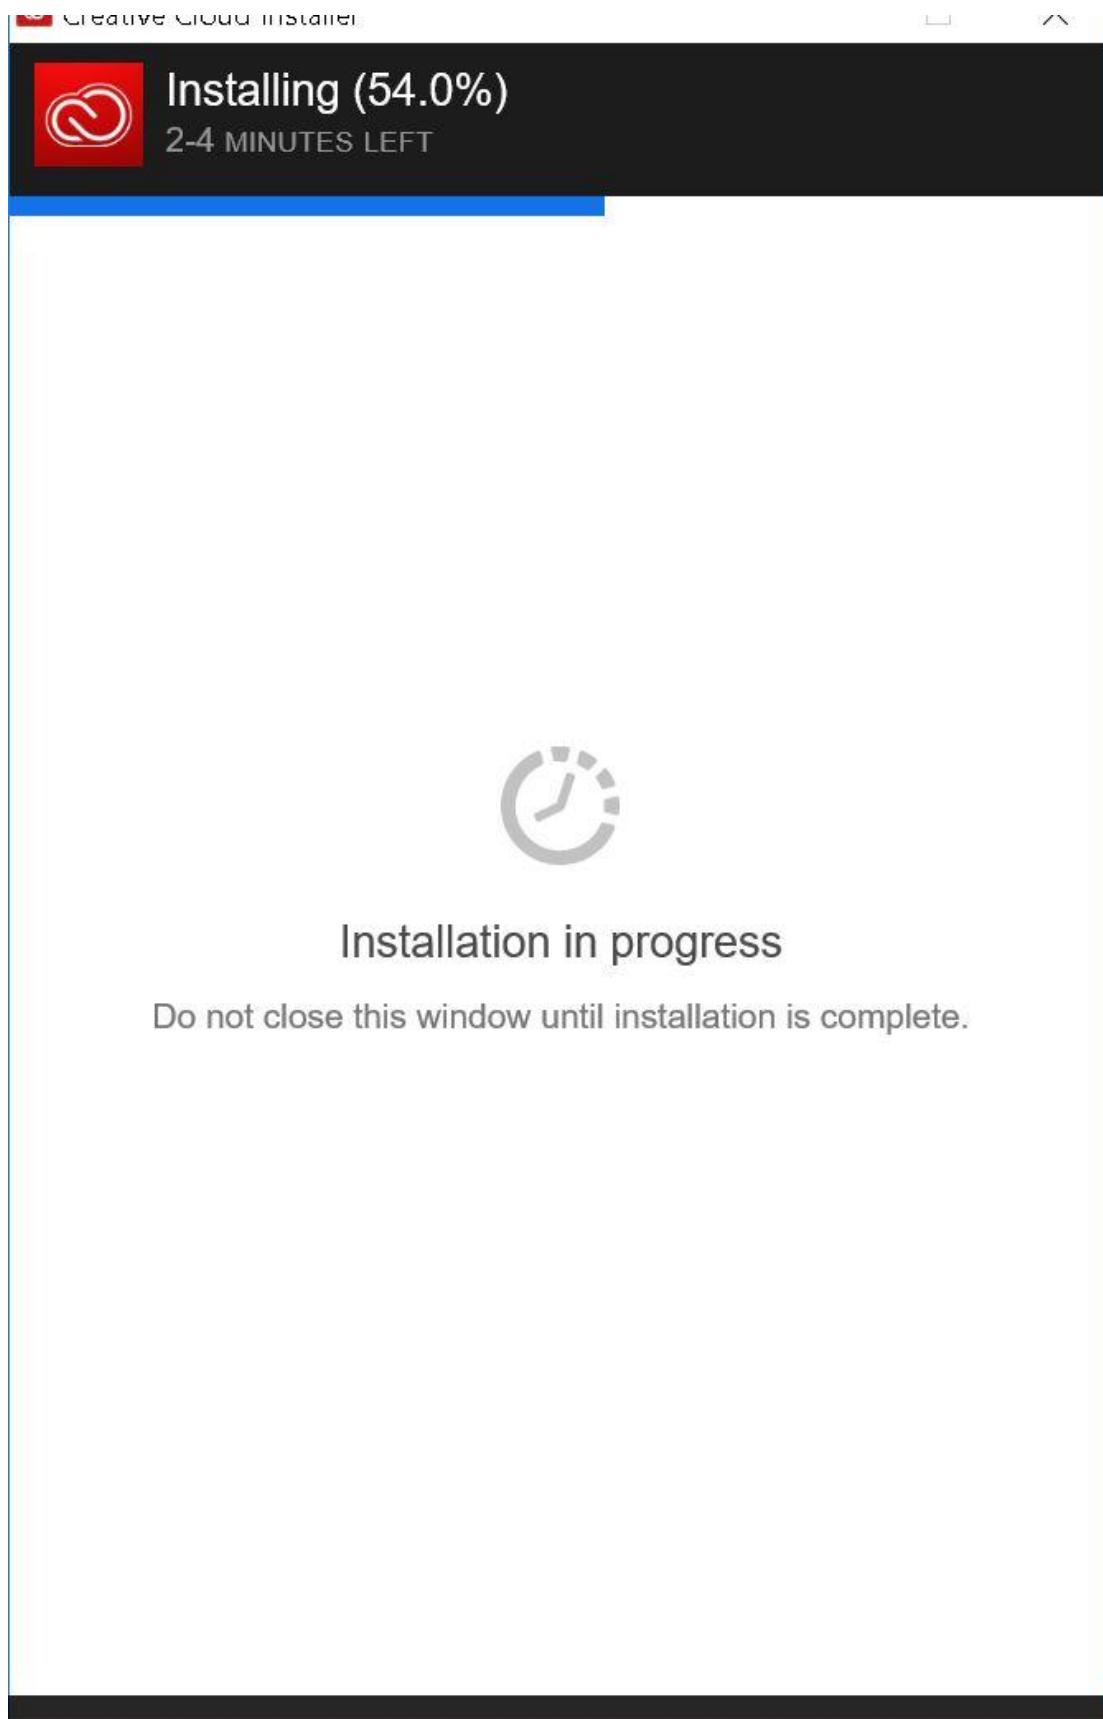

Let's Get Started

We'll open a browser window to authenticate your account

After the CC App installs, you can launch it and manage all aspects of Adobe products that are available to you.

To install an application, **Click Install** on the application you would like to install.

To Uninstall an application **Click on the three dots** on the right of an Open button and you will be presented with the option to uninstall.

If you have an Adobe ID with the same email as your Enterprise ID

It is possible that you already have a personal or former account that uses an Adobe ID. If both of your accounts use the same email address, you can specify the account type to use while signing in. These two accounts share the email address, but are distinct accounts. No data is shared or transferred automatically.

If both of your Adobe ID and Enterprise/Federated ID accounts use the same email address, you can specify the account type to use while signing in.

On the Sign In screen, **Enter your full email address** and the Account Chooser screen appears. Choose an account type by **Clicking Adobe ID or Company or School Account** to login.
