Avenue Stores

Title: Allocation Analyst

Location: Rochelle Park, New Jersey

Job Description:

Avenue, a fashion retailer specializing in plus size women's apparel, is seeking an Allocation Analyst to join our corporate team headquartered in Rochelle Park, NJ. The talented person in this role will ensure the appropriate levels of inventory are maintained at the store level to maximize profitability.

If you're passionate about fashion analysis, then Avenue is the right fit for you!

Primary Responsibilities:

• Generate daily/weekly sales & merchandise reporting.
• Review and direct distribution process for incoming and replenishment merchandise.
• Collaborate with Allocation Managers, Planners and Merchants to execute correct flow of merchandise into our retail stores.
• Participate in meetings concerning flow of merchandise issues; including: disposition of poor selling items, short or late shipments and items that are selling better than expected.
• Maintain automatic replenishment models; identify any discrepancies on a monthly basis; ensure proper merchandise assortment by store.
• Analysis projects.

Qualifications:

• Bachelor's degree or appropriate related experience
• Administrative office experience and/or retail experience a definite plus
• Problem solving and analytical skills. Ability to compile statistical data for reporting purposes
• Intermediate to advanced proficiency in Excel. Ability to quickly develop spreadsheets with frequently used formulas
• Excellent retail math skills
• Strong communication and interpersonal skills

Application Instructions: Qualified candidates, if our opportunity is the right fit for you, please forward your resume along with a cover letter, including salary history/requirement, to us for immediate consideration.
