Center for the Study of Services

Title: Developer/Programmer

Location: Washington, DC

Job Type: Full-Time (Experienced)

Compensation Type: Salary

Start Date: 6/1/2017

Primary Responsibilities: The Center for the Study of Services (CSS), a leader in healthcare survey research, is looking for an entry-level or mid-level developer to join our team in Washington, DC to build in-house desktop applications and web-based applications. In-house applications center around high-volume data import/export (SQL Server platform), automated quality assurance (C#, SQL), calculation/analysis (C#, STATA), and report generation (PDF, Excel). We are expanding our web-based capabilities related to data transfer, online data QA, and on-line reporting (Tableau). CSS is a tight-knit but growing organization that prioritizes a positive work environment and rewards hard work and results.

Qualifications: Applicants should have a bachelor’s degree or be nearing graduation, have experience or coursework in class-based, object-oriented programming (e.g., .NET, C#, Java, Python), data structures, queries and analysis (SQL, R), and have a desire to learn and adapt new technologies.

Application Instructions: Please send cover letter and resume to researchjobs@cssresearch.org. No phone calls please. Recruiters, please don’t contact this job poster.

Disclaimer Information

About the organization: We offer competitive salaries based on experience. CSS offers excellent benefits that include annual leave, health insurance, retirement contribution, flexible spending accounts, and disability plans. CSS is conveniently located near the Farragut North and Farragut West Metro stations.

Disclaimer information: CSS is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. CSS also proudly supports and encourages U.S. Veterans to apply for our job opportunities.
