Edison Research

Title: Election Exit Poll Coordinator

Location: 6 W Cliff St, Somerville, NJ 08876

Job Type: Full-Time (6 Month Assignment)

Compensation Type: Salary  Wage: $40,000
Start Date: 6/1/2016  End Date: 12/16/2016

Job Description:

Edison Research, located in Somerville NJ, is looking for bright, self-motivating individuals to join its expanding 2016 election exit poll team. Election Exit Poll Coordinators will support the research and operations teams during the 2016 election season. Individuals will be assigned states for which they will be responsible for all research and recruiting.

Research responsibilities include compiling vote histories and other data, as well as learning about election procedures and regulations. In addition, coordinators will recruit, train and manage a large staff of interviewers who will survey voters as they exit polling places on Election Day.

Primary Responsibilities:

- Through phone interviews with county and state government officials, individuals will collect election data and information about the voting process in their assigned states
- Data entry of research information
- Recruit and manage Election Day workers
- Training of interviewers
- Supervise and manage exit poll interviewer team on Election Day
- Assist project managers of Edison’s radio, advertising and media jobs as needed

Qualifications:

- Bachelor’s degree
- Interest in politics and media
- Ability to meet assigned deadlines in a quick-paced, time sensitive environment
- Flexibility to work evenings and some weekends
- Attention to detail and self-motivation is a must
- Excellent oral communication skills
- Organizational and time management skills
- Strong computer skills, which must include experience with Word and Excel
**Application Instructions:** If interested, please email resume and cover letter to Kevin Lubin at klubin@edisonresearch.com. Resumes without cover letters will not be accepted.

**About the Organization:**

Since 2003, Edison Research has been the sole provider of exit poll information to ABC, CBS, CNN, FOX, NBC and the Associated Press, having conducted exit polls and collected precinct vote returns to project and analyze results for every major presidential primary and general election. The general election exit poll is the largest single-day survey research project in the world.

Edison is also the leading provider of consumer face-to-face research and has conducted studies in almost every imaginable venue. Edison Research has conducted commercial research at locations including sporting events, movie theaters, shopping malls, golf courses, restaurants, parking garages, school buses, truck stops, airports, cruise ships, office buildings, conventions and conferences, subway stations, bus stations, casinos, museums, health clubs, and medical centers. Edison’s network of more than 17,000 experienced interviewers allows us to conduct research in almost any location.
