Essential Dental Systems

Title: Research Scientist/Mechanical Engineering

Location: 89 Leuning Street, South Hackensack, NJ 07079

Job Type: Full-Time (Entry Level)

Compensation Type: Salary

Start Date: TBD

Job Description:

Research Scientist/Mechanical Engineering is needed for a medium-sized dental manufacturing company in New Jersey. The ideal candidate should be self-motivated and a self-starter. The Research Scientist will be responsible for regulatory filings and documentation (FDA/ISO), preliminary patent work, and basic research in dental materials.

Primary Responsibilities:

- Applied research in dental materials
- Publication of research results
- Developmental work on new products
- Scientific basis for quality control

Qualifications:

- Bachelor’s degree (recent graduates and soon-to-be graduates)
- Experience with MTS machine or similar testing equipment desirable

Application Instructions:

Interested candidates, please email: Jguzman@edsdental.com.

This is a great opportunity to gain a great deal of “real world” experience!
