**Pennjersey Environmental Consulting**

**Title:** Environmental Scientist/Geologist

**Location:** Milford, NJ

**Job Type:** Full-Time (Entry Level)

**Compensation Type:** Salary

**Start Date:** ASAP

**Job Description:**

We have an immediate opportunity for an entry level Environmental Scientist, Geologist, or Engineer in our Milford, NJ office. This growth position will be exposed to all aspects of the business with an emphasis on field work and assisting in the preparation of reports.

**Qualifications:**

- 0-2 years of experience in site remediation in a contracting or consulting environment.
- A Bachelor's degree in a scientific discipline is required, with engineering, geology, hydrogeology, chemistry, or environmental science preferred. A Masters degree will be considered.
- Excellent data analysis, writing and communication skills, attention to detail, and the ability to work under periodic time constraints.
- Solid Microsoft Office skills; experience with Surfer, CADD, and GIS programs is a plus.
- A valid driver’s license.
- The ability to perform physical activities, including wearing a respirator.

**Application Instructions:** Interested candidates, please email your resume and cover letter to rferguson@pennjerseyenv.com.

**About the Organization:**

PEC is a small, specialized environmental consulting firm helping industry, business and municipalities manage their environmental needs, especially site assessment and remediation. PEC acts as an advocate for its clients while satisfying the myriad regulatory and technical issues that can arise to complicate a business. The staff of PEC has worked in the environmental field in the governmental, consulting and private sectors for the past 30 years.
