Benjamin Moore & Co.

Title: Information Technology Intern

Location: Montvale, NJ

Job Type: Co-op/Internship

Compensation Type: Hourly  Wage: TBD

Start Date: 5/30/2016  End Date: 5/26/2017

Job Description: Company Profile
The color of pride: Benjamin Moore is proud to be a part of Berkshire Hathaway, which was recognized by Fortune magazine as the world's third most admired company. And for more than 130 years we’ve been a respected leader in the architectural coatings and home décor landscape; creating the products and tools that enrich and beautify thousands of communities each day. We recognize that our associates are the driving force behind our success and we strive to provide a work environment where hard work, creativity and purposeful collaboration are fostered and encouraged.

Join a company where innovation is constantly recognized as we look for individuals who produce world-class products, best-in-class services and customer experiences, design pioneering paints using the latest technologies and deliver unparalleled value and brand experiences for our customers and retail network.

Primary Responsibilities:
Your Internship search stops here! In this exciting internship opportunity, you will work with our IT Enterprise Information Manager and team to utilize SAP Business Objects intelligence tool to analyze and catalog existing reports.

Additional responsibilities may include but are not limited to:

- Assisting in providing ideas, testing, and developing Qlik Sense dashboards.
- Working with Business Intelligence developers on tasks as it relates to the development process.
- Working with Business Warehouse developers to understand how data is added in the SAP Business Warehouse.
- Reviewing development work -- QA testing.

Qualifications:

- Pursuing a Bachelor's Degree in Information Technology, Computer Science, Engineering or a related area of study.
- Information Management or Engineering course work preferred.
- Strong computer and analytical skills.
- Excellent interpersonal skills.
