OnTel Products

Title: Graphic Design Intern

Location: Fairfield, NJ

Job Type: Co-op/Internship

Compensation Type: Hourly

Start Date: May 2016  Close Date: 4/29/2016

Job Description: To assist the Design team in day to day tasks. Provide input on projects when needed.

Primary Responsibilities:

To work closely with the team to create materials for both sales and marketing. Learn to meet short and long term deadlines in a fast-paced environment:

- Sales Material including sell sheets, catalog images, and power point slides.
- Packaging/display mock ups and sample construction
- Collaborate and support with the team with design solutions

Qualifications: Must be proficient in the Adobe Creative Suite (primarily Adobe Photoshop & Illustrator, InDesign a plus).

Application Instructions: Email your resume and a small letter of interest directly to eric@ontel.com with the subject of “OnTel Graphic Design Internship”.

About the organization:

Ontel Products was founded by Chuck Khubani in 1994 with the simple mission of making products that people want, and that make their lives more enjoyable. Ontel’s first hit product was the Iron Wonder, an ironing kit that cut people’s ironing time in half and prevented marks and burns on clothes. Following this success, Ontel continued to grow throughout the 90’s and 2000’s with the launch of popular items such as the Inkjet Refill Kit, Microfiber Cloths, Dryer Balls, Swivel Sweeper, Iron Gym, Pillow Pets, and more.

Over the last 20 years Ontel has innovated some of the best-known retail brands – now sold in over 80,000 stores in the US, and in over 30 countries worldwide. Although the times are always changing, Ontel is staying true to the same basic principal that it started with – creating top-selling products that simply make life better.
