About the Organization:

Steve & Kate's Camp is a summer day camp designed for entering Pre-K through 7th graders. We have a wide variety of activities to cater to virtually all interests. We offer a rich set of art and technology programs called the Steve & Kate's Studios, which include Style (sewing and knitting), Film (featuring live-action and stop-motion animation), Music, Coding, Dance and Breading. One very important feature of these activities is that we don't force specific projects or exercises on the campers. We allow them to pick what they're most interested in doing and run with it. So you'll see campers sewing everything from clothing to accessories, mixing up different styles of choreography, and making animated movies with their own characters and sets. These are their choices, not those of the counselors. We believe that allowing campers the freedom to blur the line between learning and play unlocks their natural curiosity.

But all that self-directed learning can be hard work! In much the same way that some high-tech companies offer games like ping pong and foosball to balance the workday for their employees, we have a wide range sports and recreational activities available for campers. Actually, we have foosball tables, so campers who have also worked at startups should feel right at home. And if a camper wants to focus on sports or recreation, they're welcome to do so. We're serious about letting them make their own decisions.

At any given time during the day, we'll always have a sport (soccer, gaga ball, etc) and a "wild recreational option.” On the recreational side, we have activities from large waterslides to zorbs to scooters/go karts. In our Lounge, campers who want to relax with a book from our library can chill on beanbags or play board games. We offer a different Show each day to add variety to the schedule, especially for those attending often. These include a mix of S&K original documentaries that visit young people doing doing amazing things and shows that capture the same kind of curious and entrepreneurial spirit across our campers and sites.
There are a lot of perks for parents too. Lunch and snacks are included in the camp fees, so there's no need to worry about that during summer. Also, you can sign up for as many days as you'd like and use them whenever you want - no need to tell us ahead of time when you are planning to attend. And at the end of the summer if you have any leftover Day Passes, we'll refund them back to you at the same price you paid.
