IT Project Manager - Full Performance (Add to Job Cart)

Work Schedule: Full Time  
Salary: $86,564 - $118,069  
Location: Washington, DC metropolitan area

CIA offers a wide variety of challenging and exciting opportunities for project management positions at the full performance level, to manage the delivery of innovative technology solutions to customers across the Agency and the Intelligence Community (IC). CIA's project management specialty provides Project Managers an opportunity to serve on and/or lead teams that adapt and integrate new technologies and enhance existing systems to meet mission objectives. Our Project Managers are the key to ensuring that the Agency's business customers receive timely and innovative technology solutions that meet their mission needs.

CIA is looking for Project Managers who are customer focused, energetic, driven, and have good organization and decision making skills, with a high degree of integrity and trust.

Full Performance: Independently initiate, lead, plan, implement, and coordinate activities of simple, low-risk Information Technology, dealing with moderately complex considerations of risk and impact on systems and multiple interfaces and dependencies to other Agency systems; ability to clearly present information and interpret complex information as well as supervising, coaching, developing and mentoring staff.

There may be contract management and acquisition responsibilities associated with this position. Project Managers participate in and contribute to the development and support of Agency mission critical Information Technology systems, both applications and infrastructure.

Minimum qualifications include the following:

• Five year contract term employment agreement is required. Contract Term Agreement.
• Bachelor's degree with a GPA of at least 3.0 on a 4.0 scale is preferred.
• Knowledge of and relevant experience in Information Technology project management methodologies and/or certifications such as Project Management Institute (PMI) Project Management Professional (PMP) certification.
• Desire to work in multi-disciplined, diverse and technically challenging environments in support of the U.S. Government's national security mission.
• Four to seven years of relevant work experience in progressive Information Technology Project Management life cycle activities with emphasis in project planning, requirements gathering, setting stakeholder expectations, risk assessment, resource management estimating and monitoring costs, quality management and project contract management.
• Demonstrated critical thinking and effective communication skills, proven success in dealing with ambiguity and a passion for learning agility.
ALL POSITIONS REQUIRE RELOCATION TO THE WASHINGTON DC METROPOLITAN AREA.

All applicants must successfully complete a thorough medical and psychological exam, a polygraph interview and an extensive background investigation. US citizenship is required.

To be considered suitable for Agency employment, applicants must generally not have used illegal drugs within the last twelve months. The issue of illegal drug use prior to twelve months ago is carefully evaluated during the medical and security processing.

**Important Notice:** Friends, family, individuals, or organizations may be interested to learn that you are an applicant for or an employee of the CIA. Their interest, however, may not be benign or in your best interest. You cannot control whom they would tell. We therefore ask you to exercise discretion and good judgment in disclosing your interest in a position with the Agency. You will receive further guidance on this topic as you proceed through your CIA employment processing.
