Echoes and Reflections is a comprehensive Holocaust education program that delivers professional development and a rich array of resources for middle and high school teachers. Echoes and Reflections prepares educators to teach about the Holocaust in a way that stimulates engagement and critical thinking while providing opportunities for students to see the relevance of this complex history to their own lives.

### Why Teach about the Holocaust?
Teaching about the Holocaust using Echoes and Reflections helps students make connections with the past, gain relevant insight into human dilemmas and difficult social challenges, and determine their roles and responsibilities in the world around them.
