DR. ELTON ROBERTSON TECHNOLOGY AWARD
Montclair State University Foundation

Purpose of the Award: To support full-time undergraduate student(s) at Montclair State University, who are enrolled as a Mathematics Major with Teacher Certification, by providing an award to assist student(s) in purchasing technology hardware or software for classroom use.

Amount Available: The amount available annually will be $1,500 for each recipient.

Qualifying Criteria:

- Recipients must be a full-time Mathematics Majors accepted and enrolled into the Teacher Certification program at Montclair State University.
- Recipients must be in good academic standing at the time of application for the award.
- Financial need will be a consideration.
- Recipients must have completed at least 85 credits toward their degree.
- The award is non-renewable.
- Students are encouraged to use the award to buy technology hardware, software or peripherals for classroom use in their teaching.

Recipients must:

- Complete a short essay no longer than two pages describing their financial need and how the technology or software will benefit them and be utilized in their class room work to advance their teaching experience and
- Submit a technology portfolio demonstrating their computer proficiency and skills and evidencing their ability to incorporate technology in their teaching and classroom instruction.

The essays and portfolios referenced above will be submitted to the Chair of the Mathematics Department, who will review and evaluate these submitted materials, in consultation with the appropriate individual(s) from the College of Education and Human Services.

A recipient selected for this award will forfeit the award if he/she:

- does not enroll in the semester for which the award is in effect;
- enrolls as a part-time student (as defined by the University);
- falls below the grade point average required to be a student in good academic standing; or
- is subject to academic suspension, probation, or dismissal.
