Are You Worried About a Student?

College can be stressful at times. Build the confidence to talk with a student who you’re concerned about.

- Nearly 40% of college students have symptoms of depression that impact their academic performance.
- More than 1,000 suicides occur on U.S. college campuses each year.
- A mentally healthy campus is a safer campus.

Be prepared to lead conversations with students that build resilience, strengthen relationships and connect them with support. ALL faculty and staff should complete the At-Risk Training for Faculty and Staff as early in the semester as possible. Take the 45 minute online training today!

Access the At-Risk Training for Faculty and Staff

1. Visit kognitocampus.com
2. Create a new account
3. Use Enrollment Key: montclair973
4. Launch At-Risk Training for Faculty and Staff
