UNIVERSITY RESEARCH COMMITTEE ANNOUNCEMENT
Separately Budgeted Research (SBR)

The total amount of funding for this competition has not yet been determined.

The calendar below lists the governing dates for applications and recommendations:

03/04/16 Final date for submission of SBR applications to Academic Deans
04/01/16 Academic Deans forward recommended SBR applications to Office of Research and Sponsored Programs for forwarding to University Research Committee
05/09/16 University Research Committee sends SBR recommendations to Provost and Vice President for Academic Affairs

Spring 2016 Provost and Vice President for Academic Affairs will notify SBR applicants of decision once funding has been secured

Each College/School has a duly constituted Research Committee and has a representative to the University Research Committee. Applicants are encouraged to seek guidance from their College/School’s Research Committee. Copies of proposals submitted in the past are on file in the Dean’s Office in each College/School.
UNIVERSITY RESEARCH COMMITTEE
GUIDELINES FOR SEPARATELY BUDGETED RESEARCH

Separately Budgeted Research (SBR) funds are provided by Montclair State University for faculty projects involving scholarly, creative, and/or research efforts.

The primary purpose is to provide faculty members time to engage in scholarly or creative activities in the summer months. Faculty members who wish to teach in July and/or August must do so at a reduced level.

The following SBR guidelines have been developed for use by the faculty of the University. They are meant to serve as a framework both for individuals who apply for financial support and for those who evaluate the proposals submitted.

ELIGIBILITY
Any full-time tenured or tenure-track faculty member is eligible to apply. Awards will be limited to a maximum of $5,000. Awards in smaller amounts may be awarded. The funding will begin on July 1, 2016 following the award announcement and continue to June 30, 2017. Project expenses incurred before July 1, 2016 are ineligible. No more than one SBR proposal per faculty member will be considered for each year.

In order to avoid the potential of a conflict of interest, faculty members who serve on the Colleges/Schools’ Research Committees or the University Research Committee may not submit an application to the Separately Budgeted Research, Student Faculty Scholarship, Summer Grant Proposal Development or University Distinguished Scholar programs.

Separately Budgeted Research funds are not available for curriculum development, institutional research, or the investigation of problems that fall within normal departmental responsibilities.

APPLICATION
The University Research Committee (URC) has developed a standard application form which is attached to these guidelines. Proposals should provide the information requested on the funding application form which is attached. Applications are due in the Academic Dean’s Office by March 4, 2016. Check with your Dean’s Office for the number of copies the College/School Research Committee will need. The Dean’s Office will forward the signed originals to the Office of Research and Sponsored programs (CO309) by April 1, 2016. The URC will review the applications submitted and will forward its recommendations to the Provost and Vice President for Academic Affairs.

EVALUATION
The Department Chairperson (or designee), the College/School Research Committee, and the Academic Dean are involved in the review process. The evaluation within each college/school is consistent with the aims and goals of the SBR program, and guided by the following:

1. Merit of the project considers the following:
   • Relative importance of scholarship to the individual faculty member, to the college/university, and to the field
• Whether the proposed project is connected to some larger area of scholarship and builds on previous work in the field
• How innovative is the proposed project
• Potential impact of the proposed project to the field

2. Feasibility of the project considers the following:
• Evidence to whether the proposed project can be completed given the current environment, resources and the proposed time period
• Whether the budget request is appropriate

3. Quality of the proposal considers the following:
• Application completeness and adherence to the published guidelines
• How well the basic purpose and significance of the project are clearly stated so that they are understood by individuals not in the related field
• Applicant’s effectiveness in marketing themselves
• Writing quality

4. Evidence of successful completion of previous projects based on submitted final reports

College/School level evaluators will assign a priority category for funding to each application.
A. Strong - High Priority
B. Good - Moderate Priority
C. Adequate - Low Priority
D. Not recommended, and not forwarded to ORSP.
If application(s) with a ‘D’ rating either by the Dean, College/School or both are forwarded to the University Research Committee, the application(s) will be promptly returned to the Dean’s Office without review by the University Research Committee.

ACCOUNTABILITY
In order to ensure continued support from Montclair State University, the procedures to be followed by the recipients of an award are:

A final report must be submitted to the Office of Research and Sponsored Programs. Final reports for FY2017 (awards begin July 1, 2016) Separately Budgeted Research awards will be due on December 1, 2017. The report should include the findings of the research, abstracts of any papers presented based upon the research, or reprints of papers or manuscripts published based upon the research. 

AWARDEES THAT DO NOT SUBMIT A FINAL REPORT WILL BE INELIGIBLE TO APPLY FOR FUTURE FUNDING.

AWARD OF SBR SUPPORT
Each candidate will be advised of the status of his or her application late in the Spring semester. Final notification of approval will come only after MSU’s budget is signed by the Governor and the proposal is approved by the University administration.
SBR summer stipends are paid in a single installment at the end of August.

**HUMAN SUBJECTS**
Where human subjects are to be used, assurance must be given concerning their physical and psychological safety. If you are using human participants, you must submit an Application for Review of Research Involving Human Participants to the Institutional Review Board (IRB). Guidelines for the use of human participants are available at [http://www.montclair.edu/ORSP/irb/](http://www.montclair.edu/ORSP/irb/).

Applications of funded projects involving human subjects will be preliminarily reviewed by the IRB to determine if a formal IRB application is necessary. Subsequently, if projects require a formal IRB application, funds cannot be released until an IRB letter is submitted to ORSP.

**REVISIONS**
Significant revisions of a project subsequent to the award and during the course of the project must be reviewed by the URC.
UNIVERSITY RESEARCH COMMITTEE
SEPARATELY BUDGETED RESEARCH FUNDING APPLICATION
FY2017

Due in Dean’s Office by March 4, 2016

Directions

☐ Complete and sign the funding cover sheet which includes the budget sheet

☐ Attach to the funding cover sheet, three single spaced or six double spaced pages discussing these items in the following order by title:

1. **Summary:** a one-paragraph summary in plain language so that others outside your discipline are able to quickly understand the project
2. **Rationale:** provide an understanding of the rationale for the project
3. **Methods:** describe your means of inquiry; for large, overarching or multi-year projects, clearly state what aspects of the project you are requesting funding for in this application
4. **Outcomes:** detail the research/project’s anticipated outcomes
5. **Value:** the value of the project to University/field, your recent accomplishments related to project (list publications in refereed journals, chapters in books, awards, participation in juried shows, musical or artistic creations)
6. **Additional Funding:** the possible outside funding for your work; name at least two possible sources of external funds

☐ You must attach a two page CV (not included in the above page limits).

☐ If applicable, you must attach your previously submitted final report (a maximum of three pages) for your most recently completed SBR award. Please give the outcomes in terms of abstracts published, books, shows, artistic productions, etc.

Check with your Dean’s Office for the number of copies your College/School Research Committee will need. The Dean will forward the signed originals to the Office of Research and Sponsored Programs.
