Mentoring

The Committee met and will focus will be on the questionnaire. It has agreed to form a sub-committee to review the information received. The Committee will then assemble focus groups from the questionnaire respondents. Finally, it will review the questionnaire once again and create a “working document” by the end of December.

The Committee met, reviewed the sponsorship document and made minor changes. The sample application has been created and will be discussed at the next meeting. The form will have step-by-step instructions.

IV. Old Business:

Gender Neutral Bathrooms

MacMath distributed a Gender Neutral Bathroom Report, which identifies suggested conversions. It was suggested that Pres. Cole be informed on this update and for direction. A discussion was had as to whether the campus in general is aware on what is going on and what facilities are available. A recommendation should be made to Facilities that four bathrooms be converted this year. It was also suggested that we identify those bathrooms that can be wheelchair accessible. There are on-campus and external resources available regarding compliance issues. Four locations on campus will be looked at to see if they are accessible, which will then be reported to VP Bressler and President Cole.

Constitution

The current Constitution is outdated and needs procedural changes. Milton will oversee the re-review and suggestions for updates.

Affirmative Action Day

The Executive Committee received recommendations for possible speakers. The PCAAD will make recommendations to President Cole. Hain expressed that Pres. Cole and the Executive Council will support the PCAAD’s efforts as long as we can share the value and benefit it would bring to the campus. Numerous speakers were recommended, including Soledad O’Brien, Ernest Green, Juan Gonzalez, Josh George, among others. The PCAAD will need to submit a one-page proposal to President Cole with the reason to bring the particular speaker to campus. Meneghin explained that the Commission needs to decide what Affirmative Action Day this year is about and proceed. Ragin suggested that students be polled for their interest and asked what they would like to hear about and attend. Dean agreed to poll the students attending his program on October 27. Meneghin asked that the student
representatives on the PCAAD ask their respective group about their interests as well.
