

Competitive Quote Form

Montclair State University Procurement Policies and Procedures require three (3) quotes to demonstrate competition for purchases with a total aggregate value of \$22,180 and under the bid threshold of \$110,900 for general goods and services or between \$7,880 and under the bid threshold of \$39,400 for prevailing wage services. This form should be completed to record the quotes. Quotes must be attached when submitted to Procurement Services. No supplier may be authorized to start work until after requisitions are submitted to Procurement Services and converted to purchase orders. Purchases cannot be made in multiple smaller amounts to avoid the obligation to obtain competitive quotes.

Please note that there is no bid threshold if a procurement is made through and in accordance with the following Cooperative Contract types: 1) State of New Jersey Cooperative Contracts; 2) Federal GSA Cooperative Contracts; 3) New Jersey Purchasing Agreement Cooperatives; and 4) Nationally Recognized Cooperative Contracts. All procurement policies and procedures must still be followed when making purchases under these cooperative contracts, which may include obtaining quotes, and for which this form should be utilized. Refer to the [Cooperative Contracts](#) page for additional guidance.

Procurements that are not made through a Cooperative Contract and that exceed the bid threshold of \$110,900 for general goods and services or \$39,400 for prevailing wage services must be: 1) competitively bid through Public Advertisement issued by Procurement Services or 2) competitively bid by a Waiver of Advertising approved by the Board of Trustees or designee if the purchase meets one of the exemption categories in the Procurement Policies and Procedures. All procurements at or exceeding \$500,000 must be approved by the Board of Trustees.

Bidding exceptions may apply in very limited cases such as: 1) when the item and/or service is only available from one (1) source (“sole source”), in which case the [Sole Source Form](#) should be completed; or 2) exigent circumstances require repairs, materials, supplies, labor, equipment or vehicles for the safety or protection of University property or the public in which the [Emergency Request Form](#) should be completed.
