

THE GRADUATE SCHOOL

LYNN MARIE PELUSO

The Graduate School

B.A. Bloomsburg University

MS. PELUSO joins the staff as a Recruitment Coordinator after being the Admissions Counselor/Recruiter at Caldwell College in Caldwell, NJ. While at Caldwell College, Lynn worked with graduate and adult undergraduate students through all stages of the application process. Prior to her experience with recruitment she was the Director of Student Activities at Caldwell College for four years. Before her experience in higher education, Ms. Peluso worked at Morgan Stanley in the mutual funds marketing department. Ms. Peluso is currently pursuing a master's degree in Counseling from Montclair State University.

DEBORAH REYNOSO

The Graduate School

A.A. St. John's University

B.S. St. John's University

M.A. Montclair State University

MS. REYNOSO joined the Graduate School staff in November 2008 as the Academic Services Coordinator. Prior to that, Ms. Reynoso held a two year Graduate Assistantship in the Counseling and Educational Leadership Department while completing her Master of Arts in Counseling with a concentration in School Counseling. Prior to attending Montclair State University as a graduate student, Ms. Reynoso worked in the financial field for nine years.

CONSTANTINE E. THEODOSIOU

Dean of the Graduate School and Vice Provost for Research

Diploma Physics and Mathematics, National University of Greece

M.S. Physics, University of Chicago

Ph.D. Atomic Physics, University of Chicago

DR. THEODOSIOU comes to us from the University of Toledo where he has been Dean of the College of Graduate Studies, Associate Dean for the Natural Sciences and Mathematics, Interim Director of both the Plant Science Research Center and the Lake Erie Research Center, Chair of the Department of Physics and Astronomy and Director of Graduate Studies in Physics and Astronomy.

Dr. Theodosiou has published over 70 refereed journal articles and chapters and has won numerous grants for both research and program development from NSF, U.S. Department of Education and the Ohio Supercomputer Center. He has been a Fulbright Research Scholar at the National Hellenic Research Foundation in Greece and has led delegations to Hungary, China and India. He teaches a broad array of courses in physics, mathematics and computer science and facilitated program liaisons between the University of Toledo and Ohio community colleges and

regional high schools to develop math and science education. He wrote the first strategic plan for the College of Graduate Studies.
