

College/School Name with Montclair State University Logo

If you need the logo with your college, please contact us.

This usage is for promotional items only. Each college/school does not have its own logo — this is only a treatment for promotional items. On brochures, ads, etc., simply use the University logo.

At a very small size, as on a promotional item, the college name may become too small to be effective and you should use text only version of logo with web address.

For promotional items for academic or administrative departments, the name of the department should be beneath the logo.

If you need the logo with the name of your department, please contact us.
