

Technology Support Service
at The ADP Center

Permissions

Classroom Permission:

You must send a permission form explaining the video recording to each student's parents/guardian in order to include that student in the video recording.

This form can be found on the edTPA Canvas site.

Note: if a student's parents decline permission to their child being in any video recording you must place them in an off camera section of the classroom so they are not seen. YOU CANNOT record students without the school, parent/guardian's permission.

Equipment Loan Permission:

In order to rent equipment for video recording from the ADP Center, you must give your information and agree to the terms of the loan. This means you are responsible for any damaged, lost, or stolen equipment.

You are also responsible for returning the equipment in a timely manner (7 day period).
