INVEST FOR SUCCESS

Advance Montclair Priorities

Montclair is a place of opportunity – where students gain excellence that changes the trajectories of their lives and where great minds and can-do attitudes serve communities for the greater good. We invite you to help Montclair thrive by investing in the good work across the University.

1. Built to Serve

Invest in **campus infrastructure** and initiatives to best serve students.

Support our students across their needs – starting with the space to provide the basics such as access to food and professional clothing, along the continuum of helping them reach their highest aspirations by connecting them to top-tier learning space.

- Build a **new home** for the **Red Hawk Food Pantry** and **Rocky's Closet**.
- Create a best in class **Interdisciplinary Learning Building**, providing excellence in teaching and research, supported by exceptional technology and facilities.
- Revive the **historic Bond House** to give it new life as a gathering place for meetings and events.
- Upgrade the **Sprague Field** entrance to provide safe and inviting access for alumni, parents and friends to cheer our Red Hawk athletes.

2. Partner and Engage

Enhance the **community engagement and partnership initiatives** that create positive outcomes as we serve the greater good.

- Support the community work of **One Square Mile** to help realize Paterson's promise.
- Create more opportunities for Montclair students to engage in **Public Service** with community partners.
- Develop a **well-prepared pipeline of teachers** through partnerships with local schools in Newark, Paterson and more.
- Invest in the **PSEG Institute for Sustainability Studies** to advance local and global sustainability initiatives through academic-corporate-community partnerships.

ADVANCE MONTCLAIR PRIORITIES

4 - Equalize Opportunities

Serve Montclair's critical mission: invest in **student success** and ensure access to excellence for all.

- Support the University's **Honors EDGE** program, giving students the platform to shine.
- Provide **Experiential Learning** opportunities to give students the hands-on benefits of internships, study abroad, undergraduate research and public service experiences.
- Bolster **Scholarship support**, removing financial barriers and recognizing merit to ensure access to education and enable students to reach the goal of graduation.
- Invest in student **Wellness**, supporting initiatives that address student mental health and well-being.

3 - Elevate Arts and Culture

Take Montclair's distinction of providing **arts and culture** excellence to the next level for students and the community.

- Enable more students to pursue their music ambitions with the **Cali Pathways Project**.
- Support the **Coccia Institute**, a unique hub of education, scholarship and exploration of the role Italian American culture plays in the United States.
- Celebrate the **Alexander Kasser Theater** for providing 20 years of arts excellence and ensure its vitality for the future.
- Embrace **Virtual Reality** to connect our students with immersive learning experiences.

Let's talk about how you can shape Montclair's future.

Delivering on our critical mission ensures that our students achieve the benefits of a high quality, affordable Montclair education that helps them flourish as citizen-leaders and enhances social mobility, democracy and well-being in the communities we serve.
