Adjunct Position Search

Position Title: Adjunct Faculty

Department: Department of Computer Science

Job Description: The Computer Science Department at Montclair State University seeks adjunct faculty applicants to teach our CSIT111 Fundamentals of Programming I and/or CSIT 112 Fundamentals of Programming II courses. Course content includes: Basic theory of digital computers. Syntax and semantics of a programming language. Algorithms: logic, design, testing and documentation.

Montclair State is an Equal Opportunity/Affirmative Action Institution.

Qualifications and Requirements: Earned PhD in Computer Science or Information Technology or closely related field. Record of success teaching similar courses is strongly preferred.

Salary Range: Salary is determined to state contract.

Anticipated Start Date: September 1, 2015

Send application materials to: Applications including a CV, and two letters of reference are to be sent via E-mail to penaan@montclair.edu (single document in PDF or MS Word format).

Apply By: Applications reviewed upon receipt.

About Montclair State University: For 100 years, the history of Montclair State has been one of growth and distinction. We offer all the advantages of a large university — a wide range of excellent undergraduate and graduate programs, a diverse faculty and student body — combined with the individual attention of a small college. At the undergraduate and graduate levels, MSU provides close to 300 majors, minors, concentrations and certificate programs, while remaining accessible and affordable. Our six schools and colleges prepare students to lead productive, rewarding and responsible lives in society and the world. MSU makes the most of its location in vibrant Montclair and just 14 miles away from New York City. Our 246-acre campus boasts excellent academic and recreational facilities and an exciting calendar of events and performances by students and professionals. Montclair State’s Mission Statement and Strategic Plan reflect the University’s expanded role in and ongoing commitment to educating the students of New Jersey, conducting research, and serving our local and wider communities.
