Documentation Review

All providers seeking a streamlined re-rating should **ensure that the Star Rating Readiness Checklist and Rating Summary Report from their prior Star Rating can be found on the NJCCIS File Cabinet.**

Records from training on Developmentally Appropriate Practices, and records for all training standards for which the program submitted during the previous rating submission will be reviewed for all providers seeking a streamlined re-rating*. If professional development transcripts are not up-to-date in NJCCIS, your Quality Rating Coordinator will ask for evidence of completed training.

Providers seeking the same star rating as their last rating submission will only be asked to resubmit evidence for **select** time-sensitive standards by uploading documentation to the NJCCIS File Cabinet using the appropriate GNJK category as the Document Type. The specific documentation requested will be determined by the Quality Rating Coordinator based on your previous rating submission and as follows

- Providers seeking a Star 3 Re-rating will be asked to resubmit evidence of 3 randomly selected time-sensitive standards
- Providers seeking a Star 4 Re-rating will be asked to resubmit evidence of 6 randomly selected time-sensitive standards
- Providers seeking a Star 5 Re-rating will be asked to resubmit evidence of 9 randomly selected time-sensitive standards

In addition to evidence for select time-sensitive standards above, **providers seeking a higher star rating than they received during their previous Star Rating may submit new documentation from any level or category** to receive points towards meeting the threshold for the requested new Star Rating. Please upload these new files to the NJCCIS File Cabinet using the appropriate GNJK category as the Document Type, and list the **new standards for which your program has uploaded documentation on pages 3 and 4**, along with the file name of each document. If additional documentation is required to submit and/or resubmit in order to ensure point requirements have been met, Grow NJ Kids Rating will notify you. The required points for each Star Rating is provided on page 5.

NJCCIS Registration

Providers and any additional staff members should be registered on NJCCIS with formal education and additional professional development/training documented on their professional profile. Any additional training documentation that is not available on NJCCIS should be available for review as well.

*The training records outlined above apply to the provider, an alternate provider, and an assistant if working at the program regularly.
