

Point Requirements for 3-, 4-, and 5-Star Ratings for NAEYC-Accredited Programs

Star Ratings are determined by your center/school-wide average score on the ERS assessments conducted by Grow NJ Kids Rating, evidence of implementing a selected research-based curriculum **and** the number of points you earn from meeting standards across all five categories. **A program can reach required points for applied star rating by submitting documentation that meets the requirements from *any level and any category*.**

Requirements for Star Ratings			
Star Rating	ERS (ECERS-3/ITERS-3)	Implementation of Curriculum (GNJK Standard: 2.4.1)	Range of Points for required documentation
	N/A Classroom observations are not required for NAEYC-accredited programs seeking an Official 3 Star Rating	Staff have attended minimum of 5 hours of training on selected research-based curriculum.	30-59
	Average of 4.5 No subscale below a 4.0	Staff have attended minimum of 10 hours of training on selected research-based curriculum.	60-85
	Average of 5.0 No subscale below a 4.25	Staff have attended minimum of 20 hours of training on selected research-based curriculum	86-100

Your center/school will be awarded points by meeting standards from each of the five categories. The following pages list the *Grow NJ Kids* standards from Levels 3, 4, and 5 of each category and the amount of points each standard is worth. Your center/school can acquire points by meeting standards during the review of the program’s NAEYC documentation, as well as an onsite review of documentation by Grow NJ Kids Rating and/or by electronically submitting documentation on NJCCIS. Any NAEYC standards from 2016, 2018/2019 and 2022 which align to Grow NJ Kids standards have also been provided below.

The box below describes the information in each box and how it is coded:

GNJK Criteria #	Level 3	Level 4	Level 5	Max. Pts.	My Pts.
Criteria #	Standard Description <i>Required Documentation/Evidence</i> <i>Special Notes</i> <u>NAEYC-Aligned Standards</u>			Max. # of points available	

Additionally, some items are qualitative and measured across more than one level. These items are listed horizontally and, depending on documentation requirements, point values may be added together to acquire the maximum amount of points available. Your center/school can achieve *up to* the amount of points listed on those items by meeting the requirements for each leveled standard. The example below demonstrates this:

A program can reach required points for applied star rating by submitting documentation from *any level and any category*.

All NAEYC-accredited programs must submit:

- Copy of current NAEYC Accreditation Certificate
- Copy of most recent NAEYC Accreditation Decision Report
- Copy of completed NAEYC Annual Reports for years 1-3 as appropriate (can be paper-based or from the online portal)

This documentation can be uploaded to the NJCCIS File Cabinet using the GNJK Rating Readiness Checklist document type

Documentation Review Waiver for NAEYC-Accredited Programs

Programs should consider the NAEYC standards from the year in which the program was accredited, and the aligned GNJK standards to determine the number of points possibly waived. The standards successfully met through NAEYC Reports will be put towards the total points for the requested Star Rating. The program should also review their **NAEYC Accreditation Decision Report**. Grow NJ Kids standards aligned to the NAEYC standards listed as “unmet” on the decision report or found on the **Areas for Ongoing Improvement** section of the decision report are **not waived**. Based on the findings from the Accreditation Decision Report and the completed NAEYC Annual Reports for years 1-3 by Grow NJ Kids Rating, additional documentation may be required to demonstrate evidence of meeting Grow NJ Kids standards and meeting points requirements for the requested Star Rating.
