The Hans-Ulrich Gubler Award

Purpose: This award was established in memory of Hans-Ulrich Gubler (1922 – 2010). Hans Ulrich Gubler was a Swiss microbiologist whose professional career spanned four decades. During that time he worked in a variety of biological research areas, most notably on the immunosuppressant properties of cyclosporine. His younger son immigrated to New Jersey in 1980 and his daughter-in-law is an MSU Department of Biology alumna.
