

Extended Time in Pearson's MyMathLab and MyStatsLab

To extend the time limit on an exam or quiz in Pearson's MyMathLab or MyStats lab before students start an assignment

For the entire class:

1. From the **Assignments** list, click the assignment title.
2. On the Overview page, click **Edit Grading and Presentation Settings** in the Actions box. View image.
3. On the Basic tab, change the time limit under **Assignment Has a Time Limit**, and then click **Save**.

For one or more students:

1. From the **Assignments** list, click the assignment title.
2. Click **Adjust Settings per Student** in the box on the left of the assignment Overview page. View image.
3. In the **Available Students** list, click a student's name or Ctrl+click several names, and then click >>.
4. Under **Assignment Time Limit**, either click **Time allowed (minutes)** and enter a new limit, or select **No time limit**.
