TROTSKY’S LIES. *

The Harvard Trotsky Archive was opened to researchers in 1980. In it, researchers found evidence that Leon Trotsky deliberately lied many times and about many people and events.

This prompted Grover Furr to check for other evidence of Trotsky’s lies in his own writings and in documents from former Soviet archives.

Trotsky lied – especially to the Trotskyists, his own followers -- to an extent scarcely imaginable – until you have read the evidence!
