Conversations in Feminism

Our Goal: Our group's mission is to provide an inclusive and open environment to students who are interested in learning more about social activism and feminist issues through great feminist pieces. Before each meeting, we will all individually either read or view a selected work that will be provided through free pdfs or links. During the meetings, we will discuss our thoughts, ideas brought up, and more. We intend to use this space as an opportunity to learn more about intersectional feminism and to facilitate growth as activists.
