

Update on Impact

WE'RE SEIZING THE DAY, THANKS TO YOU

Montclair State University defines what it means to be a university with a public purpose – one that not only creates transformational opportunities for students, but also partners with communities to make a difference in the lives of others. Montclair is a university on the rise, and your support elevates our possibilities.

YOUR GIFTS ELEVATE POSSIBILITY

Thanks to your involvement and generosity, the University is able to deliver on our mission of providing excellence and accessibility so students can benefit from a Montclair education and share their skills for the greater good. Montclair professors and students are working on solutions against human trafficking, food insecurity, infectious diseases, educational and economic inequity, and for clean water, social justice and more. From autism and early childhood mental health to diversifying the teacher pipeline in lower-income, urban school districts, the University is leading the way.

Demonstrated below are highlights of the impact that the generous philanthropy from our network of donors makes possible. Collectively, gifts from alumni and friends totaled \$11.8 million last fiscal year, a testament to what's possible when we come together to support Montclair. Your gifts are enhancing every area of the University and elevating our work for our students and beyond.

Highlights of giving impact

\$11.8 MILLION IN TOTAL GIVING

Thanks to private support, the Montclair State University Foundation enhances the University's mission by providing significant program and scholarship support each year. This allows the University to deliver innovative learning opportunities including public service engagement, research support, sustainability initiatives, experiential learning and more. Providing scholarships remains critical to ensure students can access the advantages of a Montclair education.

Small gifts also make it happen

LEADING THE WAY

As a Bonner Leader, Jayde devoted herself to weekly community service, such as demolishing a deck to make a home more accessible for a resident with a disability.

JAYDE WORTHEN '23

"If I didn't come to Montclair, I wouldn't have gotten the opportunities, learning experiences and support to grow and succeed. Growing up in a difficult environment, I know that education is a solution to changing that cycle – and I am determined to carry that forward in my life to help others. Montclair transformed my life, and it is doing the same for so many of my classmates. Because of generous support, we have found our path and are ready to lead the way to a brighter future for us all."

"We come here with dreams and determination, but it is your support that gets us to graduation. You are such an important part of the community that lifts us out of the circumstances we were born into and gives us a chance to reach for a better life."
