Student Code of Conduct: [https://www.montclair.edu/policies/all-policies/code-of-conduct/](https://www.montclair.edu/policies/all-policies/code-of-conduct/)
Disability Resource Center (DRC) Accommodation Forms

DRC works with students with physical challenges (diminished sight, hearing, motor skills) or other documented conditions.

Accommodation forms list **ONLY** the adjustments required to help the student succeed, **not the conditions**.

Examples:
- Sign language interpreter in class
- Extra time on exams
- Taking exams in reduced distraction areas

Consult with your professor for any questions or concerns.

FERPA and Student Privacy

Student information and records are **PRIVATE**.

We may NOT share student information with anyone, **NOT EVEN WITH THEIR PARENTS**.

What if a parent calls asking about grades or attendance, and says “I’m paying the bills and I have a right to know!”

Memorize these phrases:

“Federal law require me to keep student information confidential. My supervisor, Dr. **Professor’s Name** will be happy to discuss this with you.”
Student of Concern Reporting System

http://www.montclair.edu/dean-of-students/

• Mechanism to alert the Dean of Students about a student who needs help.

• Use for students whose actions or behavior are cause for concern.

Emergency or injury to a student under your supervision

Serious injury: student cannot move, should not move, has pain, is having an allergic reaction, is disoriented or distressed. Use your best judgment and instincts.

   ( *not* 911 when on main campus).
   Calmly report the injury, give your location, ask police to send Emergency Medical Services (EMS).

2. After the individual is taken care of, alert your department chairperson.
   Call your department office if you need assistance
Minor injury to student under your supervision

Student is calm, lucid, and is communicating and behaving normally

   *Ask your department, where is the nearest first aid kit.*
2. Is it more than a minor injury? Assign a classmate to escort the student to the University Health Center in Blanton Hall.
3. After the individual is taken care of, notify your department chairperson.
   Call your department office if you need assistance.

Injury to **YOU** while being a **student**

**Emergency or serious injury:**
*Call Campus Police: 973-655-5222*
*Ask for Emergency Medical Services*

**Non-threatening Injury:**
*Walk to University Health Center in Blanton Hall. Always feel comfortable asking a faculty member, staff member, or fellow student to accompany you.*
Serious Injury to YOU while teaching

Emergency or serious injury:
Call Campus Police: 973-655-5222
Identify yourself as a University employee **
(Very important for handling medical bills).

Ask for Emergency Medical Services (EMS). EMS may transport you to nearest hospital, if needed.

WITHIN 48 hours completed the NJ Accident Report Form (Form RM-2) and submit it to the Employee Benefits Office.

Minor Injury to YOU while teaching

What the policy says:
https://www.montclair.edu/human-resources/benefits/work-related-injury/

During business hours (M-F 8:30 am to 4:30 pm): Report the situation to your supervisor and then to Human Resources Employee Benefits Office (currently located on Clove Road).

What I recommend
Ask your department administrative assistant to call the Employee Benefits Office and inform them that you are going to the University Health Center. NOTE- UHC may refer you to a local walk-in clinic with which the university contracts.
