The Graduate School Action Plan: 2020-2023

Background:
In October of 2019, TGS carried out an all-staff retreat to work on our goals for the next three years. We focused on organizing and prioritizing current projects, future plans, and “wish lists.” Our next step was to formalize the outcomes of the retreat in a plan. We completed a draft of this Action Plan in February of 2020…just in time for the start of the pandemic.

While we dealt with an entirely new set of challenges, we also managed to complete a good number of our original goals.
