Touchy Subject

The History & Philosophy of Sex Education

Join authors Dr. Lisa Andersen and Dr. Lauren Bialystok for a riveting discussion of their new book!

In the United States, sex education is more than just an uncomfortable rite of passage: it's a political hobby horse that is increasingly out of touch with young people's needs. In **Touchy Subject**, philosopher Lauren Bialystok and historian Lisa M. F. Andersen unpack debates over sex education, explaining why it's worth fighting for, what points of consensus we can build upon, and what sort of sex education schools should pursue in the future.
