Search and Hire Process for Hiring Managers

The applicants associated with the open position can be viewed within the Candidate Pipeline of the Job Requisition.

The Search and Hire Process

As the process of reviewing and choosing candidates is dynamic, candidates may not hit every stage of the process.

1) **Review** – When a candidate applies for a position, they are initially assigned the status Review Candidate. The Primary Recruiter moves those candidates who meet the minimum job criteria forward to the Search Chair Screen step.
2) **Screen** – The candidate details are viewed to determine the next steps by the Search Committee Chair.
3) **Assessment** – Denotes short listed candidates.
4) **Interview** – After the candidate is screened, the Search Committee Chair or Search Committee Assistant can move them forward to the Interview Stage. Interviews can be scheduled as on campus, video, or phone.
5) **Background Check** – Background checks are done through Human Resources once requested by the Search Committee Chair/Assistant.
6) **Reference Check** – Reference checks are performed outside of Workday and then uploaded to Workday by the Search Committee Chair/Assistant.
7) **Offer** – This step is done through Human Resources.
8) **Ready for Hire** – This step is done through Human Resources.
