Job Description/Summary:

Assumes professional responsibility for providing learning experiences and supervision of assigned students in a supportive and positive classroom climate that develops in each student the skills, attitudes, and knowledge to meet and exceed the State Core Curriculum Content Standards, following the approved curricula and directives of the school. In addition, secondary teachers will strive to meet the highly effective criteria for the preparation of lesson plans, the use of data to drive instruction, the delivering of quality instruction, addressing the needs of diverse learners through differentiation, classroom environment, leadership, and professionalism. Achieving academic excellence requires that the Secondary Teacher work collaboratively with other members of the school staff and with parents.

Applicant must be able to teach Piano, Pro Tools and Music Theory (preferred).

Please see the attached document for full description.
