This learning opportunity explores materials and instructional strategies available in Echoes & Reflections to support effective teaching of the memoir, as well as provides additional background to integrate into instruction.

**WHAT IS ECHOES & REFLECTIONS?**

Echoes & Reflections is the premier source for Holocaust educational materials and dynamic content, empowering teachers and students with the insight needed to question the past and foresee to impact the future. We partner with educators to support them, foster confidence, and amplify their skills and resources to teach about the Holocaust in a comprehensive and meaningful way.

**WHAT’S INCLUDED**

- History of antisemitism and the ghettos for context prior to teaching *Night*
- Interdisciplinary materials, including art work, photographs, poetry, and personal narratives for teaching about the “Final Solution”
- Significant themes of the memoir and additional resources to support the teaching of the text

“Possibly one of the best learning experiences I have ever been a part of.”
