Student Coverage

Who is eligible?

You are eligible if you are a:

All full-time undergraduate students taking 12 or more credit hours are automatically enrolled in this insurance Plan at registration, unless proof of comparable coverage is furnished.

All graduate students taking 9 or more credit hours are automatically enrolled in this insurance Plan at registration, unless proof of comparable coverage is furnished.

You must actively attend classes for at least the first 31 days after the date your coverage becomes effective. You cannot meet this eligibility requirement if you take courses through:

- Home study
- Correspondence
- The internet
- Television (TV)

If we find out that you do not meet this eligibility requirement, we are only required to refund any premium contribution minus any claims that we have paid.

If you withdraw from school within the first 31 days of a coverage period, you will not be covered under the Policy and the full premium will be refunded, less any claims paid. After 31 days, you will be covered for the full period that you have paid the premium for, and no refund will be allowed. (This refund policy will not apply if you withdraw due to a covered Accident or Sickness.)

Medicare Eligibility Notice

You are not eligible for health coverage under this student policy if you have Medicare at the time of enrollment in this student plan.

If you obtain Medicare after you enrolled in this student plan, your health coverage under this plan will not end.

As used here, “have Medicare” means that you are entitled to benefits under Part A (receiving free Part A) or enrolled in Part B or Premium Part A.

In-network Provider Network

Aetna Student Health offers Aetna’s broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan’s benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Pre-certification

You need pre-approval from us for some eligible health services. Pre-approval is also called pre-certification. Pre-certification is not required for an emergency medical condition or treatment of an urgent condition. Pre-certification is not required for substance use disorders treatments for the first 180 days of treatment.

Pre-certification for medical services and supplies

In-network care

Your in-network physician is responsible for obtaining any necessary pre-certification before you get the care. If your in-network physician doesn't get a required pre-certification, we won't pay the provider who gives you the care. You won't have to pay either if your in-network physician fails to ask us for pre-certification. If your in-network physician requests pre-certification and we refuse it, you can still get the care but the plan won't pay for it. You will find additional details on requirements in the Certificate of Coverage.

Out-of-network care

When you go to an out-of-network provider, it is your responsibility to obtain pre-certification from us for any services and supplies on the pre-certification list. If you do not precertify, your benefits may be reduced, or the plan may not pay any benefits. Refer to your schedule of benefits for this information. The list of services and supplies requiring pre-certification appears later in this section

Pre-certification call

Pre-certification should be secured within the timeframes specified below. To obtain pre-certification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request pre-certification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring pre-certification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.
Delivery:	You, your physician, or the facility must call within 48 hours of the birth or as soon thereafter as possible. No penalty will be applied for the first 48 hours after delivery for a routine delivery and 96 hours for a cesarean delivery.

We will provide a written notification to you and your physician of the pre-certification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

If you require an extension to the services that have been precertified, you, your physician, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final authorized day.

If pre-certification determines that the stay or outpatient services and supplies are not covered benefits, the notification will explain why and how you can appeal our decision. You or your provider may request a review of the pre-certification decision. See the *When you disagree - claim decisions and appeals procedures* section of Certificate of Coverage.

What if you don't obtain the required pre-certification?

If you don't obtain the required pre-certification:

- Your benefits may be reduced. See the schedule of benefits *Pre-certification penalty* section.
- You will be responsible for the unpaid balance of the bills.
- Any additional out-of-pocket expenses incurred will not count toward your deductibles or maximum out-of-pocket limits.

What types of services and supplies require pre-certification?

Pre-certification is required for the following types of services and supplies:

Inpatient services and supplies
Obesity (bariatric) surgery
Stays in a hospice facility**
Stays in a hospital
Stays in a rehabilitation facility
Stays in a residential treatment facility for treatment of mental disorders and substance use disorders**
Stays in a skilled nursing facility

*For a current listing of the prescription drugs and medical injectable drugs that require pre-certification, contact Member Services by calling the toll-free number on your ID card in the How to contact us for help section or by logging onto the Aetna website at www.aetnastudenthealth.com.

Services for **substance use disorders require **pre-certification** beginning on the 181st day of the **policy year** whether the days are consecutive or intermittent, partial days or full days.

Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

Here's how COB works

- When this is the primary plan, we will pay your medical claims first as if the other plan does not exist
- When this is the secondary plan, we will pay benefits after the primary plan and will reduce the payment based on any amount the primary plan paid
- We will never pay an amount that, together with payments from your other coverage, add up to more than 100% of the allowable submitted expenses

For more information about the Coordination of Benefits provision, including determining which plan is primary and which is secondary, you may call the Member Services telephone number shown on your ID card. A complete description of the Coordination of Benefits provision is contained in the Policy issued to School Name, and may be viewed online at www.aetnastudenthealth.com.

Description of Benefits

The Plan excludes coverage for certain services (referred to as exceptions in the certificate of coverage) and has limitations on the amounts it will pay. While this Plan Design and Benefit Summary document will tell you about some of the important features of the Plan, other features may be important to you and some may further limit what the Plan will pay. To look at the full Plan description, which is contained in the Certificate of Coverage issued to you, go to **www.aetnastudenthealth.com**. If any discrepancy exists between this Benefit Summary and the Certificate of Coverage, the Certificate will control.

This Plan will pay benefits in accordance with any applicable New Jersey Insurance Law(s).

Failure to pre-certify your eligible health services when required will result in the following benefit penalties:

- A **\$500** benefit penalty will be applied separately to each type of eligible health services.
