It is the responsibility of the vendor accessing the RFP from Procurement Services’ webpage to e-mail or fax the assigned Procurement Services buyer to request that it be faxed notice of addendum issued.

1.4.2 BIDDER RESPONSIBILITY
The bidder assumes sole responsibility for the complete effort required in submitting a bid proposal in response to this RFP. No special consideration will be given after bid proposals are opened because of a bidder's failure to be knowledgeable as to all of the requirements of this RFP.

1.4.3 COST LIABILITY
The University assumes no responsibility and bears no liability for costs incurred by a bidder in the preparation and submittal of a bid proposal in response to this RFP.

1.4.4 CONTENTS OF BID PROPOSAL
Subsequent to bid opening, all information submitted by a bidder in the bid proposal is considered public information, except as may be exempted from public disclosure by the Open Public Records Act, N.J.S.A. 47:1A-1 et seq., and the common law.

A bidder may designate specific information in its bid proposal as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. The University reserves the right to make the determination and will advise the bidder accordingly. The location in the bid proposal of any such designation should be clearly stated in a cover letter. The University will not honor any attempt by a bidder either to designate its entire bid proposal as proprietary and/or to claim copyright protection for its entire proposal.

By signing the Signature Page of this RFP (Attachment 1), the bidder waives any claims of copyright protection set forth within the manufacturer's price list and/or catalogs. The price lists and/or catalogs must be accessible to University using departments.

If, after the opening of bid proposals but before contract award, a bidder discovers an error in its bid proposal, the bidder may make written request to the Director of Procurement Services for authorization to withdraw its bid proposal from consideration for award. Evidence of the bidder’s good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the contract resulting from the bid proposal would be unconscionable; that the mistake relates to a material feature of the contract; that the mistake occurred notwithstanding the bidder’s exercise of reasonable care; and that the University will not be significantly prejudiced by granting the withdrawal of the bid proposal.

If, during the evaluation of bid proposals received, an obvious pricing error made by a potential contract awardee is found, the Director of Procurement Services shall issue written notice to the bidder. The bidder will have five days after receipt of the notice to confirm its pricing. If the bidder fails to respond, its bid proposal shall be considered withdrawn, and no further consideration shall be given it.

If it is discovered that there is an arithmetic disparity between the unit price and the total extended price, the unit price shall prevail. If there is any other ambiguity in the pricing other than a disparity between the unit price and extended price and the bidder’s intention is not readily discernible from other parts of the bid proposal, the assigned Procurement Services buyer may seek clarification from the bidder to ascertain the true intent of the bid proposal.

Should there be a deficiency in the amount of the Bid deposit, the bidder and the Surety shall pay the entire amount of the difference in cost upon demand. In addition, the bidder should submit a bank reference.

If the financial information is not included with the bidder’s response, the University may request the bidder to submit it, or deem the bid non-responsive. If the University requests it be submitted and the bidder fails to submit within seven (7) business days, the University may deem the bidder’s proposal non-responsive.

The bidder may designate specific financial information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. The bidder may submit specific financial documents in a separate, sealed package clearly marked “Confidential-Financial Information” along with its bid proposal.

The University reserves the right to make the determination whether to accept the bidder’s assertion of confidentiality and will advise the bidder accordingly.

4.4.6 PRICING

The bidder must submit its pricing using the format set forth in the price sheet(s) attached to this RFP (Attachment #5). Failure to submit all information required will result in the bid proposal being considered non-responsive. Notwithstanding the Contract Effective Date on the RFP Signature Page, Attachment #1, each bidder is required to hold its prices firm through issuance of the contract.

5.0 SPECIAL CONTRACTUAL TERMS AND CONDITIONS

5.1 PRECEDENCE OF SPECIAL CONTRACTUAL TERMS AND CONDITIONS

The contract awarded as a result of this RFP shall consist of addendum to this RFP, this RFP (including the University’s Standard Contract Terms and Conditions (Appendix 1)), the contractor's bid proposal and the University’s Agreement incorporating these documents and signed by the contractor and the University’s Vice President for Finance and Treasurer.
In the event of a conflict between provisions within the contract documents, the contract documents shall have the following order of priority: Agreement, RFP Addendum by later issuance date, the RFP, the University’s Standard Contract Terms and Conditions and the contractor’s bid proposal.

5.2 CONTRACT TERM AND EXTENSION OPTION
The term of the contract shall be for a period of three (3) years. The anticipated "Contract Effective Date" is provided on the Signature Page (Attachment #1) of this RFP: If delays in the procurement process result in a change to the anticipated Contract Effective Date, the bidder agrees to accept a contract for the full term of the contract. The contract may be extended for all or part of a period of two (2) one-year periods, by the mutual written consent of the contractor and the University’s Vice President of Finance and Treasurer.

5.3 CONTRACT TRANSITION
In the event that a new contract has not been awarded prior to the contract expiration date, as may be extended herein, it shall be incumbent upon the contractor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than ninety (90) days beyond the expiration date of the contract.

5.4 CONTRACT AMENDMENT
Any changes or modifications to the terms of the contract shall be valid only when they have been reduced to writing and signed by the contractor and the University’s Vice President for Finance and Treasurer.

5.5 CONTRACTOR’S WARRANTY
The contractor is responsible for the quality, technical accuracy, timely completion and delivery of all deliverables and other services to be furnished by the contractor under the contract. The contractor agrees to perform in a good, skillful and timely manner all services set forth in the contract.

The contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its services and deliverables furnished under the contract. The approval of interim deliverables furnished under the contract shall not in any way relieve the contractor of fulfilling all of its obligations under the contract. The acceptance or payment for any of the services rendered under the contract shall not be construed as a waiver by the University, of any rights under the agreement or of any cause of action arising out of the contractor’s performance of the contract.
The acceptance of, approval of or payment for any of the services performed by the contractor under the contract shall not constitute a release or waiver of any claim the University has or may have for latent defects or errors or other breaches of warranty or negligence.

5.6 ITEMS ORDERED AND DELIVERED
The contractor is authorized to ship only those items covered by the contract resulting from this RFP. If a review of orders placed by University user departments reveals that material other than that covered by the contract has been ordered and delivered, such delivery shall be a violation of the terms of the contract and may be considered by the University’s Vice President for Finance and Treasurer as a basis to terminate the contract and/or as a basis not to award the contractor a subsequent contract. The University’s Vice President for Finance and Treasurer may take such steps as are necessary to have the items returned to the contractor, regardless of the time between the date of delivery and discovery of the violation. In such event, the contractor shall reimburse the University the full purchase price.

The contract involves items which are necessary for the continuation of ongoing critical University services. Any delay in delivery of these items would disrupt University services and would force the University to immediately seek alternative sources of supply on an emergency basis. Timely delivery is critical to meeting the University's ongoing needs.

5.7 REMEDIES FOR FAILURE TO COMPLY WITH MATERIAL CONTRACT REQUIREMENTS
In the event that the contractor fails to comply with any material contract requirements, the University’s Vice President for Finance and Treasurer may take steps to terminate the contract in accordance with the provisions herein and/or authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the University by the defaulting contractor.

- All products must conform in every respect to the standards and regulations established by Federal and New Jersey State laws.

- All products shall be manufactured and packaged under modern sanitary conditions in accordance with federal and state law and standard industry practice.

The Performance Bond and the Payment Bond may be in one or in separate instruments in accordance with the law. No Contract shall be executed unless and until each Bond is submitted to and approved by the University and the Surety must be presently authorized to do business in the State of New Jersey. The Surety’s obligation shall continue beyond final acceptance to the extent that the Contractor may have such an obligation.

The contractor shall require all subcontractors to comply with all of the insurance requirements described above. It is a contractor option to determine the amount of excess liability it will require its subcontractors to carry. The contractor shall be responsible for obtaining certificates of insurance for all coverage and renewals thereof for each subcontractor prior to the subcontractor’s beginning work on the project. The contractor shall provide copies of all subcontractor certificates of insurance to the University upon request.

3. CONTRACT EXTENSION

In the event the contract has an extension option and the University determines that it is in the best interest of the University to extend the contract, the contractor will be so notified at least 30 days prior to the expiration date of the existing contract. The contractor shall have 15 calendar days to respond to the extension request. If the contractor agrees to the extension, all terms and conditions of the original contract, including price, will be applicable.

4. CONTRACT TERMINATION

a. Change of Circumstance:

   Notwithstanding any provision or language in this contract to the contrary, where the needs of the University significantly change, or the contract is otherwise deemed no longer to be in the University’s interest, the University may terminate the contract upon 30 days written notice to the contractor.
b. For cause:

1. Where the contractor fails to perform or comply with a contract, the University may terminate the contract upon 10 days notice to the contractor with an opportunity to respond.

2. Where a contractor continues to perform a contract poorly as demonstrated by documented late delivery, poor performance of service, short-shipping etc., the University may terminate the contract upon 10 days notice to the contractor.

In the event of contract termination under a. above i.e. Change of Circumstance, the contractor will be compensated by the University for goods and/or services satisfactorily performed and accepted in accordance with the contract, up to the date of termination.

In the event of termination of the contract under b. above, i.e. For Cause, the University may acquire the goods and/or services which are the subject of the terminated contract from another source. If the price paid is greater than the contract price, the University may deduct the difference in price from any monies due the terminated contractor or, if no monies are due the terminated contractor, the difference in price shall be an obligation owed the University by the terminated contractor.

5. SUBCONTRACTING OR ASSIGNMENT

The contract may not be subcontracted or assigned by the contractor, in whole or in part, without the prior written consent of the University. Such consent, if granted, shall not relieve the contractor of any of his responsibilities under the contract.

Nothing contained in the specifications shall be construed as creating a contractual relationship between any subcontractor and the University.

6. PERFORMANCE GUARANTEE

The contractor certifies that:

a. The equipment offered is standard new equipment, and is the manufacturer's latest model in production, with parts regularly used for the type of equipment offered; that such parts are all in production and not likely to be discontinued; and that no attachment or part has been substituted or applied contrary to manufacturer's recommendations and standard practice.

b. All equipment supplied to the University that is operated by electrical current is UL listed where applicable.

c. All new machines are to be guaranteed as fully operational for the period stated in the contractor's proposal from time of written acceptance by the University. The contractor will render prompt service without charge, regardless of geographic location.

d. During the warranty period, the contractor shall replace immediately any material which is rejected for failure to meet the requirements of the contract.
e. All services rendered to the University shall be performed in strict and full accordance with the specifications stated in the contract.

7. DELIVERY GUARANTEE

All items contracted for are F.O.B. Destination. Regardless of the method of quoting shipments, the contractor shall assume all costs, liability and responsibility for the delivery of merchandise in good condition to the University. The University reserves the right to deduct from the Contractor’s invoice all charges incurred by the University in the event any items are shipped and delivered on a “Collect” basis via common carrier in lieu of the specified F.O.B. Destination.

The contractor is responsible for the delivery of material in first class condition to the University in accordance with good commercial practice. The contractor shall only ship those items and quantities that are covered by contract. If a review of material received indicates that material other than that covered by the contract has been ordered and delivered, the University will take such steps as are necessary to have the material returned, regardless of the time elapsed between delivery and discovery of the violation. Compliance with this requirement is the full responsibility of the contractor.

The University shall accept deliveries during normal business hours, 7:00 a.m. to 5:00 p.m. on normal business days (Monday through Friday).

All items must be delivered into and placed at a point within the buildings as directed by the University. Notification must be given 24 hours in advance on any single item weighing over 500 pounds by calling the University’s Central Receiving at 973-655-4359.

Unloading and the placing of any supplies or equipment at specified site is the sole responsibility of the contractor. The contractor shall notify the assigned trucker for implementation of this requirement at no additional cost to the University.

In the event delivery of goods or services is not made within the number of days contracted, the University’s Procurement Services Department may authorize the purchase of the goods and services from any available source. If the price paid is greater than the contract price, the University may deduct the difference in price from any monies due the defaulting contractor or, if no monies are due the defaulting contractor, the difference in price shall be an obligation owed the University by the defaulting contractor.

8. MAINTENANCE OF RECORDS

The contractor shall maintain records for products and/or services delivered against the contract for a period of three (3) years from the date of final payment. Such records shall be made available to the University upon request for purposes of conducting an audit or for ascertaining information regarding dollar volume or number of transactions. For contracts that total $2 million or greater, the Contractor shall maintain all documentation related to products, transactions or services under this contract for a period of five (5) years from the date of final payment, and such records shall be made available to the New Jersey Office of the State Comptroller upon request.

9. PRICE FLUCTUATION DURING CONTRACT
In the event of a contractor's price decrease during the contract period, the University shall receive the full benefit of such price reduction on any undelivered purchase order and on any subsequent order placed during the contract period.

10. TAX CHARGES

The University is exempt from State sales or use taxes and Federal excise taxes. Prices charged must not include such taxes.

11. PAYMENT TO CONTRACTOR

Payment for goods and/or services purchased by the University will be made to the contractor within 30 days of the later of an acceptable invoice from the contractor or the University’s acceptance of the contracted products and/or services.

12. STANDARDS PROHIBITING CONFLICTS OF INTEREST

The following prohibitions on contractor activities shall apply to all contracts or purchase agreements made with the University, pursuant to Executive Order No. 189 (1988):

Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the University officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

d. No vendor shall influence, or attempt to influence or cause to be influenced, any University officer or employee in his or her official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.
e. No vendor shall cause or influence, or attempt to cause or influence, any University officer or employee to use, or attempt to use, his or her official position to secure unwarranted privileges or advantages for the vendor or any other person.

f. The provisions cited above in paragraph 12a. through 12e. shall not be construed to prohibit a University officer or employee from receiving gifts from or contracting with contractors under the same terms and conditions as are offered or made available to members of the general public.

In the event of any breach or violation of this warranty, the University shall have the right to terminate the contract without liability for payment to the contractor, or in its discretion, the University may deduct from the contract price the full amount of such commission, percentage, brokerage or contingent fee.

17. Contractor acknowledges that the Agreement may provide it access to paper and electronic student education records. SOURCE DISCLOSURE CERTIFICATION

N.J.S.A. 52:34-13.2 and N.J.S.A. 52:32-1 requires that all contracts for goods and services with an instrumentality of the State be performed or manufactured within the United States, except when the University Contracting Officer certifies in writing that a required service cannot be provided by the contractor or subcontractor within the United States.

SOURCE DISCLOSURE REQUIREMENTS

Pursuant to the statutory requirements, all bidders responding to an advertised procurement must submit a completed Source Disclosure Certification Form with the bid proposal, disclosing the location by country where services under the contract, including subcontracted services, will be performed.

If any of the services cannot be performed within the United States, the bidder shall state with specificity the reasons why the services cannot be so performed. The University Contracting Officer shall determine whether sufficient justification has been provided by the bidder to form the basis of his certification that the services cannot be performed in the United States.

FAILURE TO SUBMIT SOURCING INFORMATION WHEN REQUESTED BY THE UNIVERSITY SHALL PRECLUDE AWARD OF THE CONTRACT TO THE BIDDER.

If during the term of the contract, the contractor or subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of the services outside the United States, the contractor shall be deemed to be in material breach of its contract, which contract shall be subject to termination for cause, unless approved beforehand by the University Contracting Officer.
