A response to such requests shall be provided in writing to all prospective bidders prior to bid opening. Any such interpretations must be addressed in the bid proposals submitted. Any interpretations which do not comply with this provision shall be rejected as non-conforming and will not binding upon the University.
- 2.2 Every request for an interpretation relating to clarification or correction of the Plans, Specifications or other Bid Documents shall be made in writing, addressed to the Assigned Procurement Services Buyer and must be received by the date established in the Advertisement as the deadline for submitting questions. Any and all interpretations, clarifications and corrections and any Supplemental Instructions will be issued by Procurement Services in writing in Addendums mailed by Certified Mail, Return Receipt Requested, Express Mail or by Facsimile Notice to all contractors who have picked up a bid package and signed the Specification Pickup List no later than seven (7) working days prior to the opening of bids. All Addendums issued shall become part of the contract documents and shall be acknowledged in all the bid proposals. Failure of a Bidder to acknowledge receipt of all such Addendums and Interpretations by the time of bid opening may result in a determination that the proposal is non-responsive.
- 2.3 Each Bidder must thoroughly review the contract documents prior to submission of bids. Bidders are advised that claims for expenses incurred or damage sustained on account of any error, discrepancy, omission or conflict in the Contract Documents will not be entertained. In the event a bidder is awarded a contract by Montclair, errors, discrepancies and omissions shall be considered by the University in accordance with the General Conditions of Contract.
- 2.4 Restrictive Specifications - If a Bidder determines prior to the questions due date, that any portion of the Specifications or Drawings require a particular product which can be provided by only one supplier or manufacturer, with the result that competitive prices are not available, he shall immediately notify the Assigned Procurement Services Buyer. If such notice is not given in a timely manner, it shall be assumed that the Bidder has included the estimate of such sole source in the Bid. In the alternative, if the Assigned Procurement Services Buyer is notified in a timely manner of the requirement in the specifications of a sole source of supply or manufacture, Procurement Services may order the project to be re-bid or may take any other lawful action.

3. Evaluation

- 3.1 An Evaluation Committee as assigned by the University will review the bidder responses. The following criteria will be used to evaluate all bid proposals from general contractors. The criteria are not necessarily listed in order of importance:

 - 3.1.3 Construction Schedule: Bidder's construction schedule for the project with a focus on the detail, quality, and practicality.
- 3.2 The University may require the Bidder to clarify certain aspects of its Proposal. A request for clarification may be made in order to resolve minor ambiguities, irregularities, informalities or clerical errors. Clarifications cannot correct any deficiencies, cure material omissions, or used to revise or modify pricing or

other information in a Proposal. It is within the University's discretion whether to require the Bidder to give an oral presentation or to submit written responses to questions regarding its Proposal. Action by the University in this regard should not be construed to imply acceptance or rejection of a Proposal.

***Procurement Services is the sole point of contact regarding any request for an oral presentation or clarification.**

1. Prior to Award

- 1.1 Withdraw Request - If, after the opening of Proposal but before Contract award, a Bidder discovers an error in its bid proposal, the Bidder may make written request to the Director of Procurement Services for authorization to withdraw its bid proposal from consideration for award. Evidence of the Bidder's good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the Contract resulting from the Proposal would be unconscionable; that the mistake relates to a material feature of the contract; that the mistake occurred notwithstanding the Bidder's exercise of reasonable care; and that the University will not be significantly prejudiced by granting the withdrawal of the Proposal.
- 1.2 Rejection of Bids - In accordance with applicable law, Procurement Services reserves the right to reject any Bid which is non-conforming to the invitation for bids, or of any Bidder who is not responsible based upon experience, past performance, financial capacity to perform the work required hereunder, and for other material factors. The University may, in accordance with applicable law, conduct any investigation as deems necessary to determine the Bidder's responsibility and capacity and the Bidder must furnish all information and data for this purpose as the University may request.

2. Award of Contracts:

The contract award shall be made to that responsible bidder whose bid proposal, conforming to this RFP, is most advantageous to the University, price and other factors considered. In accordance with applicable law, the University reserves the right to reject any or all bids, or to award in whole or in part, if deemed to be in the best interest of the University to do so. Furthermore, the University reserves the right to waive any other bid requirement in their sole discretion when such waiver is in the best interest of the University and where such waiver is permitted by law.

- 2.1 Contracts or issuances of orders resulting from this Bid Proposal will be subject to the annual availability and appropriation of funds to the University.
- 2.2 Alternates will be accepted or rejected in numerical sequence as cited in the Bid Documents and shall not be selected at random except as provided herein. Add alternates and deduct alternates will be specified separately. The University may choose from either/or the add and/or deduct alternates without priority between the two groups as long as selection within each group is in numerical sequence from the first to the last. This limitation shall not apply, however, to any alternates concerning proprietary items. Procurement Services may accept alternates out of sequence, provided the reasons for so doing are stated in writing within five (5) days of the opening of Bids. Should submission of unit prices be required for specified items of work in Bid Proposals, they will be considered in the evaluation of bids.
- 2.3 In executing a contract, a successful Bidder agrees to perform his work in a good and workmanlike manner in accordance with specifications to the satisfaction of the University Contracting Officer and to complete portions of the work by established milestone dates and all work within the number of calendar days specified in the Contract.
- 2.4 If the successful bidder is a corporation not organized under the laws of the State of New Jersey or is not authorized to do business in this State, the award of the contract shall be conditioned upon the prompt filing by the said corporation of a business registration certificate in this State and complying with the laws of this State in that regard. This filing must be made with the NJ Department of State. No contract will be signed until the Department of State confirms this authorization.

2.5 Insurance Liability - The successful Bidder must assume responsibility for his actions and those of all others working for him while engaged in any activity connected with this contract. If awarded the contract the successful Bidder must carry sufficient insurance to protect the University from any property damage or bodily injury claims arising out of the contracted work as required in Article 9 of the General Conditions of Contract (Attachment "A") and name the University as Additional Insured. As proof of insurability the Bidder shall submit with the bid proposal a copy of its current insurance certificate(s).

2.5.1 **For this project excess liability of \$5 million will be acceptable.******

2.6 Liquidated Damages - The University includes liquidated damages of \$250 per day for the violation of the contract or the failure to perform the contract as stipulated in the General Conditions or Supplemental General Conditions, if any (attached).

2.7 Performance and Payment Bonds - The successful Bidder shall furnish, within ten (10) calendar days after **Contract Execution**, a Performance Bond, in a form acceptable to Procurement Services, in an amount equal to one hundred percent (100%) of the total contract price as security for the faithful performance of the Contract, and a Payment Bond, in a form acceptable to Procurement Services, in an amount equal to one hundred percent (100%) of the contract price as security for the payment of all persons and firms performing labor and furnishing materials in connection with the Contract. The Performance Bond and the Payment Bond may be in one or in separate instruments in accordance with the law. No Contract shall be executed by the University unless and until each Bond is submitted to and approved by the University and upon receipt of proof the Surety is authorized to do business in the State of New Jersey. The Surety's obligation shall continue beyond final acceptance to the extent that the Contractor may have such an obligation. The cost of Bonds shall be the sole responsibility the Contractor.

If at any time the University, for justifiable cause, is dissatisfied with any Surety or Sureties that have issued or proposed to issue the Performance or Payment Bonds, the Contractor shall within ten (10) days after notice from the University to do so, substitute the Bond (or Bonds) in such form and sum and executed by such other Surety or Sureties as may be satisfactory and acceptable to the University. The premiums of such Bond(s) shall be paid by the Contractor. No Contract shall be executed and/or payment made under a Contract until the new Surety or Sureties have furnished such an acceptable Bond to the University. Bonds must be effective as of the date the contract is signed. Bonds must indicate Contractor(s)' names exactly as they appear on the Contract. Current Attorney-in-Fact Instruments and financial statements of the Surety must be included with the Bond. Bonds must be executed by an authorized Officer of the Surety. Bonds furnished under this article shall conform in all respects to the requirements and language of N.J.S.A. 2A:44-143 to 147.

Public Works Registration Certificates for the Bidder and all Subcontractors required to be listed on the Single Bid Subcontractor Listing. A breach of this representation and warranty shall be a material breach and permits Montclair to terminate the contract immediately and Montclair shall have no obligation to make payment to the contractor. Signature on the Proposal Form indicates representation of the above.

2. Bid or Contract Bonds

- 2.1 Each proposal must be accompanied by a Bid Bond, Certified or Cashier's Check ("Bid Security") made payable to Montclair State University equal to ten percent (**10%**) of the amount of the proposal as evidence of good faith, which guarantees that if the proposal submitted by the Bidder is accepted, the Bidder will enter into the Contract and will furnish the required Contract Documents and Surety Bonds. If a Bid Bond is submitted, it shall also provide that the Surety issuing the Bid Bond is bound to issue the required Payment and Performance Bonds, if the Bidder is awarded the Contract. If the Bidder whose proposal is accepted is unable to provide the Performance and Payment Bonds or fails to execute a Contract, then such Bidder and the Bid Bond Surety shall be obligated to pay Montclair State University the difference between the amount of the bid and the amount which the University contracts to pay another party to perform the work. The University reserves the right to retain any Certified or Cashier's Check deposited hereunder as reimbursement for the difference as aforesaid, and shall return any unrequited balance to the bidder. Should there be a deficiency in the amount of the Bid deposit, the Bidder and the Surety shall pay the entire amount of the difference in cost upon demand. The Bidder shall construe nothing contained herein as a waiver of any other legal remedies the University may have by reason of a default or breach.
- 2.2 Certified or Cashier's Checks or Bonds submitted by unsuccessful Bidders will be returned after the Contract has been executed. Bidders electing to furnish a Bid Bond must also include a Consent of Surety, in form acceptable to the University.
- 2.3 Attorneys-in-fact who sign Bid Bonds or Contract Bonds must file a certified Power-of-Attorney with the University indicating the effective date of that power.

3. Offer of Gratuities

- 3.1 N.J.S.A. 52:34-15 makes it a misdemeanor to offer, pay or give any fee, commission, compensation, gift or gratuity to any person employed by the State. It is the policy of the University to treat the offer of any gift or gratuity by any company, its officers or employees, to any person employed by the University as grounds for debarment or suspension of such company from bidding on and providing work or materials on University Contracts.

4. Federal Excise Taxes and States Tax

- 4.1 In general, Bidders, in preparing their bids, must take into consideration applicable Federal and State Tax Laws.
- 4.2 Materials, supplies or services for exclusive use in erecting structures, buildings or otherwise improving, altering or repairing University owned property, are exempt from the State Sales Tax. Bidders must make their own determinations as to the current status and applicability of any Tax Laws and the Bidder may make no claim based upon any error or misunderstanding as to the applicability of any Tax Laws.
 - 4.2.1 Purchases or rentals of equipment are not exempt from tax under the State Sales Tax Act.

5. Set Aside Program for SBE – Construction

- 5.1 The University requires bidders to make a good faith effort to provide practical opportunities for SBE firms to participate in the performance of this contract as subcontractors, consistent with the overall 25% SBE goal established for construction by the State of New Jersey. **SBE subcontracting goals are not applicable if the bidder is currently registered with the State of New Jersey as an SBE firm when the proposal is submitted.**
- 5.2 All bidders must submit a completed Montclair SBE Form B-1 with the Proposal either:
- 5.2.1 Identifying the bidder as a registered SBE, and attaching a copy of the SBE Registration Certification, or
 - 5.2.2 Identifying all SBE firms proposed as subcontractors on the project including their New Jersey SBE Registration numbers, the SBE category in which they are registered and the proposed percentage of the contract with each SBE Subcontractor is to perform.

Failure to submit this completed form may disqualify the bid proposal.

- 5.3 All non-SBE bidders must complete Montclair Form B-2, Affidavit of Outreach, and explain their proposed approach to reaching the 25% SBE goal, demonstrating the good faith efforts of a bidder as set forth in N.J.A.C. 17:14-4.3. If the firm's Montclair SBE Form B-1 fails to demonstrate that the firm will meet the SBE subcontracting goals, Montclair Form B-2 must provide a record of the bidder's efforts, attempts to contact eligible businesses, and the reasons for its failure to meet the subcontracting targets, or a certification that the firm does not intend to subcontract any work. Failure to demonstrate good faith efforts to provide subcontracting opportunities to SBE's may disqualify the bid proposal.
- 5.4 Three categories of SBE have been created for purposes of construction contracts:
- Category 4 – for Construction business whose gross revenues do not exceed \$3 million
 - Category 5 – for Construction business whose gross revenues do not exceed 50% of the applicable federal revenue standards established at 13 CFR 121.201
 - Category 6 – for Construction business whose gross revenues do not exceed the applicable federal revenue standards established at 13 CFR 121.201

The University reserves the right, after award of the contract, to work with the successful bidder toward meeting unmet SBE subcontracting goals. The successful bidder will not be permitted to substitute non-SBE subcontractors for SBE subcontractors without good cause and the written approval of the University.

6. Affirmative Action Requirements

- 6.1 The successful Bidder must agree to incorporate into the contract the mandatory language of subsection 3.4(a) of the regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Contractor and all subcontractors must agree to comply fully with the terms, provisions, and obligations of said subsection 3.4(a) provided that said subsection shall be applied subject to the terms of subsection 3.4(d) of said regulations.
- 6.2 “The successful bidder to this contract agrees to incorporate into the contract the mandatory language of subsections 7.4(a) and (b) of the regulations promulgated by the Treasurer pursuant to P.L. 1975, c.127, as amended and supplemented from time to time and the contractor or subcontractor agree to comply fully with the terms, provisions and obligations of subsections 7.4(a) and (b).”
- 6.3 If a company can provide current evidence that it is operating under a federally approved and sanctioned Affirmative Action Program or can provide a current copy of the State of New Jersey “Certificate of Employee Information Report Approval,” such evidence should be submitted with the bid in order to preclude additional requirements pertaining thereto.

It is the policy of Montclair that its contracts should create a work- force that reflects the diversity of the State of New Jersey. Therefore, contractors engaged by Montclair to perform under a construction contract shall put forth a good

faith effort to engage in recruitment and employment practices that further the goal of fostering equal opportunities to hire persons in protected categories recognized by federal and state law (“minorities and women”).

The contractor must demonstrate to Montclair’s satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under Montclair’s contract with the contractor. Payment may be withheld from a contractor's contract for failure to comply with these provisions.

Evidence of a "good faith effort" includes, but is not limited to:

1. The Contractor shall recruit prospective employees from any available NJ resource, including but not limited to, [State of NJ - Department of the Treasury - Division of Revenue Business Certification Program](#)
 2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;
 3. The Contractor shall actively solicit and shall provide Montclair with proof of solicitations for employment, including but not limited to advertisements in general circulation media, professional service publications and electronic media; and
 4. The Contractor shall provide evidence of efforts described at 2 above to Montclair no less frequently than once every 12 months.
 5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27.
7. **FEDERALLY FUNDED PROJECT CONTRACTS** – When applicable, this contractor and subcontractor shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status. The federal government is not funding the project undertaken by this RFP.

Signature on the Proposal Form indicates representation of the above.
