EDUCATION

DEGREE	INSTITUTION	DATE	MAJOR
DrPH	Rutgers University School of Public Health	May 2024	Leadership, Practice and Research
MPH	Columbia University Mailman School of Public Health	May 2010	Enviro. Health Science & Tox.
BS	Rutgers University School of Engineering	May 2004	Biochemical Engineering

PROFESSIONAL EXPERIENCE

- 9/24–present Montclair State University, Montclair, NJ
Assistant Professor, Department of Public Health
Tenure-track professor teaching undergraduate and graduate courses in social and behavioral sciences, health policy, & health systems and administration. Responsible for mentoring students, serving on university and community-based committees, and maintaining a research portfolio focused on equitable health care access, maternal and reproductive health improvement, data-driven health policy, and public health pedagogy. Project Director for the Montclair State Univ. Maternal and Child Health Workforce Catalyst Program.
- 6/23–present SafetyNest, LLC
Independent Consultant & Advisor
Provide consulting services for the award-winning SafetyNest website, including: develop and delivered a live and on-demand environmental health training for doulas and parents; researched and designed the BetterNest quiz, which helps pregnant and new parents assess their potential exposures to toxins based on their environments and behaviors, focused on actionable choices and motivational interviewing theory.
- 09/17–present Self-employed
Full Spectrum Doula, Hudson and Essex Counties, NJ
Provide personalized, evidence-based prenatal education, physical and emotional support during labor and birth or pregnancy loss/termination, and postpartum education and nourishment. Focused on single parents, and LGBTQ and immigrant families.
- 7/23–8/24 New Jersey Department of Health, Trenton, NJ
Executive Director, Maternal and Child Health Services Unit
Directed all Maternal and Child Health Services for the state health department, including over 20 programs and services through the Title V MCH Block Grant, and other federal and state funding sources. Managed a unit of 25+ staff, with annual budget totaling over \$100M.
- 5/19–6/23 NYU Langone School of Medicine, New York, NY
Co-Director of Programs and Administration, Department of Population Health
Led programmatic and administrative teams for the Dashboard programs, including City Health Dashboard and Congressional District Health Dashboard national data and mapping projects. Managed \$5M annual budget, partnerships, hiring, site development and improvement, and communications to increase understanding of data-driven health policy at the local level.

- 8/17–5/19 Social Science Research Council, Brooklyn, NY
Senior Program Manager, Measure of America Program
 Led development and launch of data2go.health, a health data and mapping tool for NYC. Responsibilities included grant and funder management, convening advisory committee, overall management of data collection; managing contractors and guiding site design and development; and all partnership and launch activities.
- 3/08–8/17 U.S. Environmental Protection Agency Region II, New York, NY
Children’s Environmental Health and Schools Coordinator, Office of Special Projects
 Advised senior officials on children’s health research and policy. Incorporated life-course perspective into regional programmatic work including Superfund community engagement, air toxics geographic targeting, climate change planning, and environmental impact assessments. Trained over 500 childcare staff in Essex County and tribal communities in Eco-Healthy Child Care practices. Managed over \$250k annually in children’s health and community grantmaking.
- Special Assistant to the Regional Administrator, Office of the Regional Administrator*
 Led research, speechwriting and editing on varied environmental and health topics for the Regional Administrator, and coordinated weekly briefings to keep her prepared for media, public events, hearings and other meetings. Tasked to lead multi-agency pollution reduction workgroup with other federal, state and local partners.
- Human Health Risk Assessor, Superfund and Emergency Management Division*
 Completed risk assessments and oversight of contractors for 15+ Superfund sites throughout the region. Presented on risk determinations and represented the agency at public meetings.
- Air Enforcement Inspector, Division of Enforcement and Compliance Assistance*
 Developed disparities-based targeting process, and inspected air pollution facilities. Led the asbestos in schools program, completing school district inspections and oversight of State training and grants.
- 06/04–03/08 Cordis Corporation, a Johnson & Johnson Company, Miami Lakes, FL and Warren, NJ
New Product Development Engineer, Research and Development
 Coordinated pilot plant production of new stent drug-coating process, managing technical logistics and activities of a team of technicians.

AWARDS, FELLOWSHIPS & GRANTS

Awards & Recognition

Honoree: NIH Office of Behavioral and Social Science Research's Matilda White Riley Early Stage Investigator Paper Award, 2025
 MSU Student "Thank a Professor" Certificate, May 2025
 APHA Maternal and Child Health Effective Practice Award, 2024
 Delta Omega Public Health Honorary Society – Alpha Eta Chapter at Rutgers University, 2024

Fellowships

Community-Engaged Teaching and Learning Fellow, Montclair State University, 2025-2026
 NJ Maternal and Child Health Policy Innovation Program, The National Academy for State Health Policy (NASHP), 2023–2024

Grants

Title: Maternal and Child Health Public Health Catalyst Program - ***Awarded***
 Dates: 06/25–05/30
 Funder: U.S. DHHS, Health Resources and Services Administration (HRSA)
 Role: Program Director
 Total Budget: \$675,000

Title: Birth Center Barriers: A Snapshot of State Medicaid Reimbursement - ***Awarded***
 Dates: 4/26–11/26
 Funder: American Association of Birth Centers Foundation
 Role: Principal Investigator
 Total Budget: \$17,744

Title: Young, Pregnant, and Nowhere to Go: Exploring Pre-term Birth by Geographic Access to Quality Prenatal Care – ***Not Awarded***
 Dates: 10/26–9/30
 Funder: Burroughs Wellcome Fund
 Role: Co-Investigator
 Total Budget: \$499,960

Title: Postpartum Doula and Maternal Nutrition – *Not Awarded*

Dates: 01/26–12/27

Funder: Allen Foundation

Role: Principal Investigator

Total Budget: \$110,834

Title: The Birth Equity Ecosystem in NJ: A Mixed Methods Analysis of Birth Center Access - *Completed*

Dates: 06/22–05/25

Funder: American Association of Birth Centers Foundation

Role: Principal Investigator

Total Budget: \$11,250

Title: City Health Dashboard: Continuing to Build Impact and Deepen Engagement - *Completed*

Dates: 06/23–05/25

Funder: The Robert Wood Johnson Foundation

Role: Program Co-Director (until 07/23)

Total Budget: \$8 million
