---

## PROFESSIONAL EXPERIENCE

**Montclair State University**, Montclair, New Jersey  
**Augusta University Online**

**April 2025–Present**

### ***Vice Provost and Managing Director, Montclair Unbound***

Dr. Austin provides strategic vision, leadership, and oversight for all Montclair Unbound initiatives. He guides the design, development, marketing, recruitment, and delivery of online, hybrid, and distance education programs, as well as the student success systems that support them

Montclair Unbound is a flagship initiative designed to reimagine higher education through innovative technologies, flexible learning models, and student-centered design. Launched to accelerate Montclair State University's digital transformation, Montclair Unbound strengthens and expands Montclair Online while building new pathways to serve working adults, community-college transfers, and lifelong learners. The initiative brings a strategic, operational, and entrepreneurial capacity to the university, identifying and removing barriers to access, improving the learner experience, and enabling new forms of academic delivery across the institution.

The long-term vision is to transform Montclair into a truly blended, hybrid university, where online, onsite, and experience-based learning integrate seamlessly to meet students where they are and prepare them for the future. Through partnerships with employers, government agencies, and community colleges, Montclair Unbound will expand degree and non-degree offerings tailored to emerging labor-market needs and create new pathways that connect education to meaningful career opportunities.

### **Achievements**

- Developed a 10-year financial plan for Montclair Unbound Online, securing \$17M in funding, based on a university-wide analysis for online education.
- Designed and staffed an "internal OPM" structure with 9 FTEs in 6 months.

- Launched an Educational Partnership with PSEG, the state's fifth largest employer to provide over 40 degrees to the 13,000 PSEG employees across the state of New Jersey.
- Achieved 70% of the "annual" enrollment goal in our first term, reaching 1,500 fully online learners.

**Augusta University**, Augusta, Georgia  
**Augusta University Online**

**April 2022–April 2025**

#### ***Founding Dean and Associate Provost – Chief Online Officer***

Responsible for establishing the vision, operations and infrastructure for a new online university focused on producing high-quality, learner-centric experiences aligned to workforce needs. As the internal Online Program Management (OPM) unit, deliver concierge faculty support for online course design and student wrap-around services. Focused on workforce relevant degree programs in Health, Cyber and Education, AU Online will produce a full 2/3rds of the university's 2030 enrollment goal. A highly collaborative leader, serving on both Provost and Dean's Councils, responsible for setting standards for online learning excellence and employer partnerships for in-demand degrees and micro-credentials. As the university's COLO, launched a university-wide review of online learning needs and the creation of a strategic roadmap for online learning. Actively involved in the Augusta Metro Chamber of Commerce with an emphasis on regional workforce and economic development.

#### Achievements

- Developed a 10-year financial plan for AU Online, securing \$15M in funding, based on a university-wide analysis for online education.
- In the inaugural year: launched 6 programs, to achieve 28% of the 5-year goal in one year, now representing 37% of the university's graduate learners, while achieving a 94% persistence rate.
- Designed and staffed new university functions (market research, digital marketing and instructional design) with 16 FTEs in under 14 months fostering a strong sense of trust, belonging and professionalism.
- Designed the new AU Online learning platform to create a personalized experience with exceptionally high levels of student engagement and *one-stop* online student service support.
- Created faculty training and micro-credentialing, issuing 45 digital badges for online instruction, with an 86% faculty satisfaction rate.
- Deployed an innovative revenue share approach leading to the construction of 45 online courses for three programs, in less than 12 months with 3 more programs launching this fall.
- Led the strategic partnership with Fort Eisenhower Army Cyber Central Command (Cyber Center of Excellence) accessing 30,000+ officers; leading the academic partnerships with Wellstar Health System (the state's largest healthcare provider) and the Georgia Military College.

- Principal Investigator, Savannah River Nuclear Solutions (SRNS), Educational Workforce Partnership, \$10M.

**George Mason University**, Fairfax, Virginia  
**Office of the Provost**

**January 2017–May 2022**

***Executive Director, Professional Education and Academic Ventures***  
***Executive Director, Academic Innovation and New Ventures***

(October 2019 – May 2022)  
(January 2017–October 2019)

Oversight of **Mason Continuing and Professional Education (CPE) division** (15 FTEs serving 3,000 learners annually). Led academic innovation unit in the Provost’s Office. Responsibilities include, online learning, micro-credential development, with an emphasis on the non-traditional professional learner, workforce development, and academic innovation. Led the President’s regional upskilling initiative - the **Mason Talent Exchange**. Manages an internal consulting team of 4 project managers and business analysts (**Academic Ventures Team**) delivering strategic analysis, product incubation, and project management for new academic offerings. See *George* [profile](#) for details.

#### Achievements

- Led Mason Continuing and Professional Education Division to 17% YoY revenue and 9% YoY margin growth during the pandemic: turning around the 35-year old CPE unit with a multi-million-dollar deficit, in less than 2 years.
- Developed the nation’s first [Cloud Computing Bachelor Degree](#) with Amazon (AWS). Received the **Partnership of the Year Award (2019)** – [Education Dive](#).
- Implemented George Mason’s partnership with Wiley Educational Services (WES), launching 20 online graduate programs in 3 years, generating 1,600 new enrollments, (@\$60M). Mason [Ranked #7](#) Best Online Colleges for ROI, Masters Degrees.
- Created nation’s first regional [Digital Technology Skills Credential](#); Mason’s representative to the Greater Washington Partnership, University Leadership Council (ULC).
- Established the [Micro-credentials at Mason](#) program, a comprehensive university approach for digital credentialing and skills transparency.
- Launched the Online Virginia Network (OVN) serving the over 1 million Virginia “adult-learners.”
- Principle Investigator for a \$1M grant from Strada Education Network to develop the [Career Accelerator](#) – a [tool](#) to help students see the skills they acquire each step of the way from college-to-career.
- Chaired the Provost’s Task Force to develop Mason’s undergraduate online student (wrap-around) service support model to enable our new “Portfolio of Choice” approach to undergraduate education.

- Launched the **ADVANCE NOVA/Mason Partnership** – accelerated pathways from Community College to a 4-year college degree. Recognized by the Aspen Institute as a gold standard for pathways to social advancement.
