

Interfolio Login

The Single-Sign-On (SSO) was effective on January 3, 2020 for all users. Click on [Interfolio Login](#)

At the NEST window, enter your NetID and Password (same as MSU email/MSU Gmail) to access your Interfolio account. You must use your @montclair.edu address not your @mail.montclair.edu address.

Alternate Login Option

Some users may have an Interfolio account that was set up using @mail.montclair.edu instead of @montclair.edu, or may have a non-MSU Interfolio account which is preventing them from being able to log in to access the MSU case(s). These users should do the following:

1. Go to Interfolio.com and click on the "Sign In" tab (Be sure you are logged out of any Interfolio pages you are on.)
2. Type in your email address (ie., colonm@montclair.edu) but do not enter a password.
3. Click on the "Forgot Password" button
4. Follow the instructions to receive an email from Interfolio to reset your password to the one you are currently using for MSU email
5. Log back in and see if you can access the MSU page
