Please note that the following items are prohibited for purchase: alcohol, tobacco, lottery tickets, freezes, gift cards and abusive material.
WHAT ARE RED HAWK DOLLARS? 

The Red Hawk Dollars program is a convenient pre-paid debit account designed for the Montclair State University Community. With your University ID Card, you can enjoy campus-wide purchasing power for books, supplies, clothing, food, and snacks. Red Hawk Dollars are also accepted at select off campus merchants. Registered students’ funds carry over semester to semester, year to year, up until withdrawal or graduation.

How Do I Sign Up For An Account?

No sign up is required. Accounts are activated when funds are deposited.

How Does My Account Work?

• Funds deposited into an account are accepted by your University ID Card.
• Present your ID Card at cash registers where Red Hawk Dollars are accepted and the purchase amount is deducted from your account.

How Do I Buy Red Hawk Dollars?

• The eAccounts website offers students, faculty, staff, family, and friends the option to purchase Red Hawk Dollars 24/7. Visit the Red Hawk Dollars web page at montclair.edu/redhawkdollars.
• The ID Card Office accepts cash and check payments.
• Monetary credit from financial aid and/or loans on your University student account (NEST) can be transferred to a Red Hawk Dollars account by completing an Account Credit Transfer on the Red Hawk Dollars webpage. This is a convenient way to purchase books at the University Bookstore (in store and online) and parking permits prior to your refund being issued. As soon as an estimated amount of financial aid shows on your NEST account, credit can be transferred providing the credit is greater than the account balance due. Best the rush and submit transfer forms before the semester starts.

How Do I Close My Account?

• Only upon graduation, withdrawal, or end of employment with the University are Red Hawk Dollars accounts closed. Accounts are automatically closed for those customers who qualify, after the last spring commencement. Credit for the remaining Red Hawk Dollars is posted back to the student NEST account. Red Hawk Dollars account balances less than $5.00 are not refunded when closing accounts.

What Are The Differences Between Red Hawk Dollars and Flex Dollars?

• Red Hawk Dollars can be used on campus, at select off campus merchants, vending, bookstore and campus dining venues. Remaining balances carry over semester to semester as long as the student is registered for classes.
• Flex Dollars are attached to several meal plans in addition to being available for purchase separately. Flex Dollars however, can only be used to purchase food in dining service locations and vending machines on campus. Flex Dollars carry over from the fall to spring semester. At the end of the spring semester, all unused Flex Dollars are forfeited.

Can Parents Or Relatives Purchase Red Hawk Dollars For A Student?

• Yes! Visit the eAccounts website and use your Visa, MasterCard or Discover Card. Also, you can setup auto replenishments, low balance alerts, and view past transactions.

How Do I Check My Account?

• Visit the Red Hawk Dollars web page for the latest information: montclair.edu/redhawkdollars
• Call (973) 655-3375
